

Le poisson d'avril

Qu'est ce que c'est ? Un poisson d'avril est une blague, un canular, que l'on fait le 1^{er} avril.

Pour cette occasion, les enfants préparent des poissons en papier qu'ils accrochent dans le dos de la personne dont ils veulent se moquer.

« **Poisson d'avril** » est l'exclamation que l'on pousse une fois que la plaisanterie est découverte.

Quelles en sont les origines ?

- Avant 1564, l'année débutait le 1^{er} avril. C'est Charles IX qui décida, dans l'Edit de Roussillon, de faire commencer l'année le 1^{er} janvier. Beaucoup de gens eurent du mal à abandonner leur ancien calendrier et continuèrent à s'offrir des cadeaux. A cette époque, on s'offrait souvent des cadeaux culinaires (des plats de poissons). Pour se moquer des gens qui continuaient à s'offrir des cadeaux le 1^{er} avril pour fêter la nouvelle année, on se mis à offrir de faux poissons pour faire une blague. Ainsi naquit le fameux poisson d'avril !

- Le 1^{er} avril était la date où la pêche devenait interdite. Pour se moquer un peu des pêcheurs, on leur offrait un hareng.

Fête-t-on le 1er avril dans les autres pays ?

En Espagne et en Amérique Latine, on accroche des petits bonhommes en papier le **28 décembre**.

En Angleterre et autres pays anglo-saxon, on fête le **April Fools' Day**.

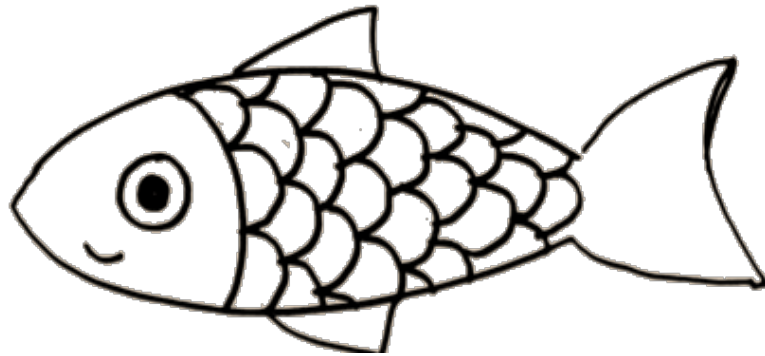

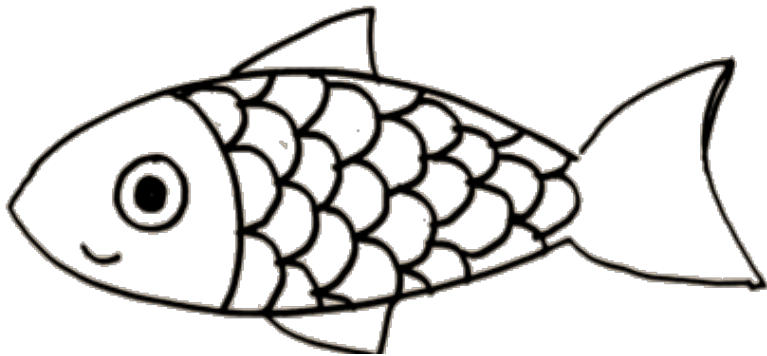

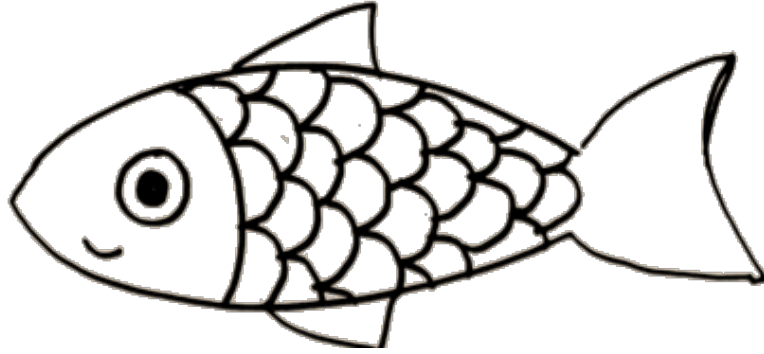

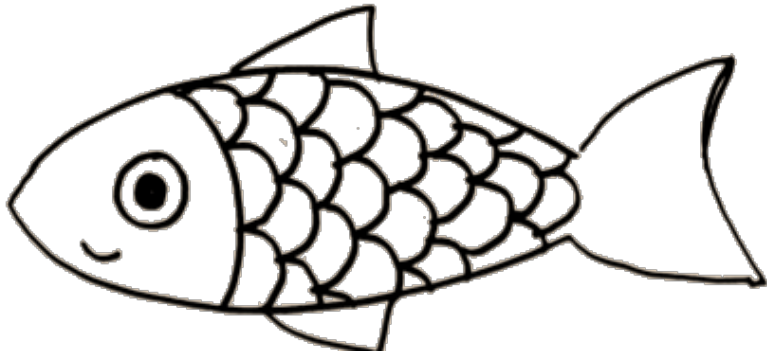

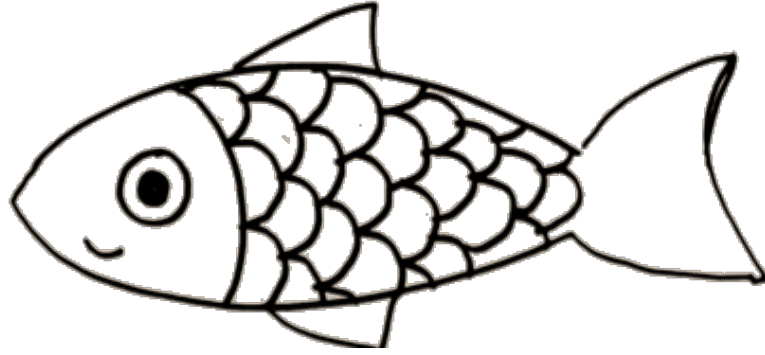

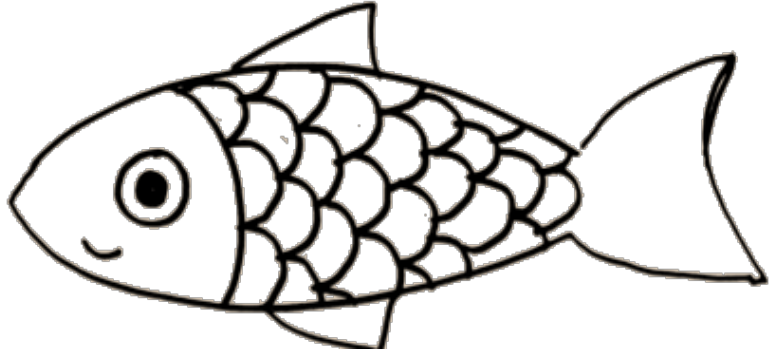

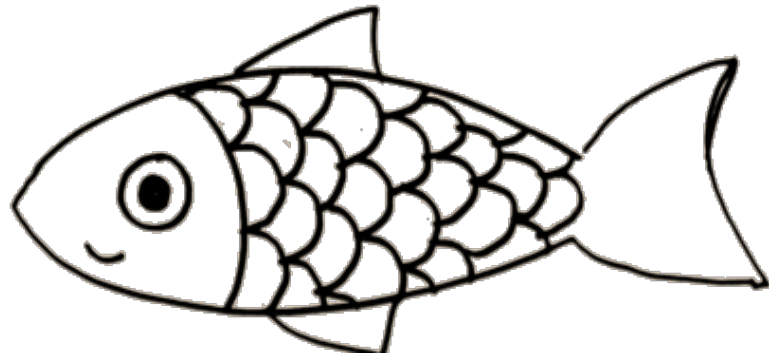

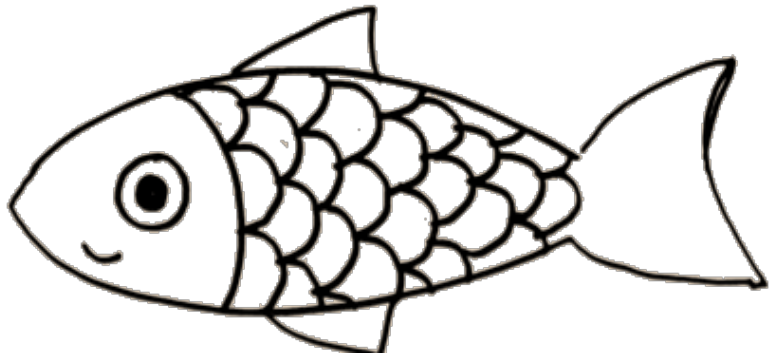

Au Portugal, on l'appelle le jour des mensonges et on lance de la farine pour plaisanter.

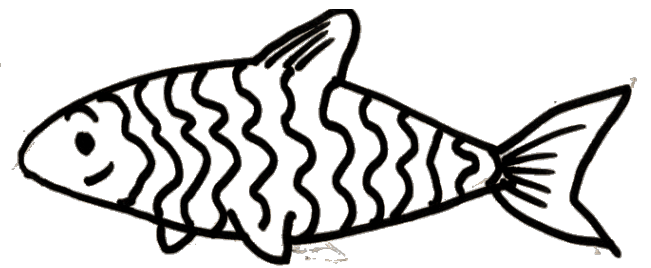

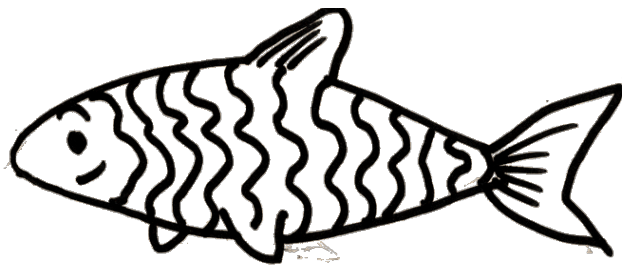

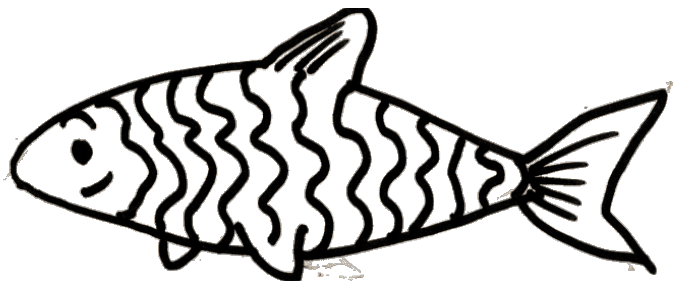

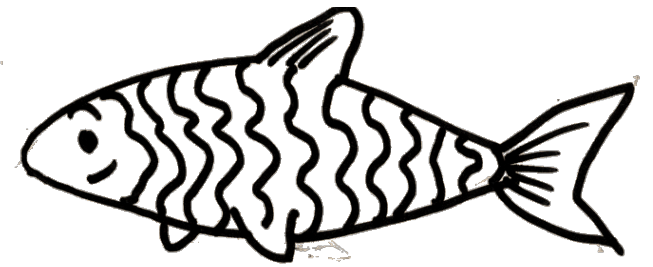

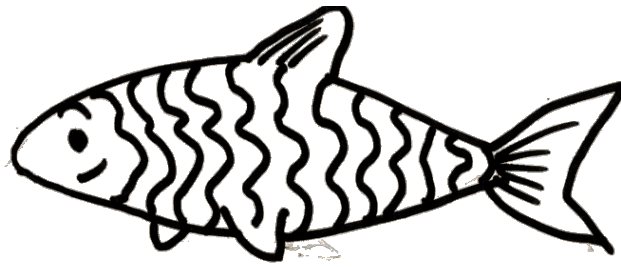

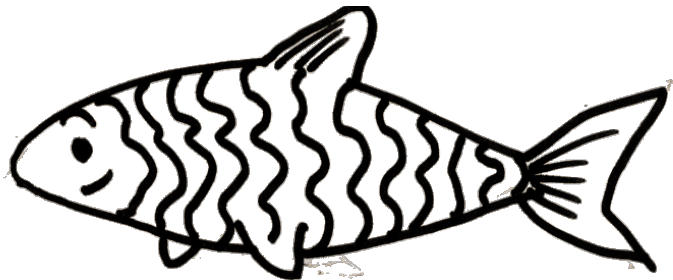

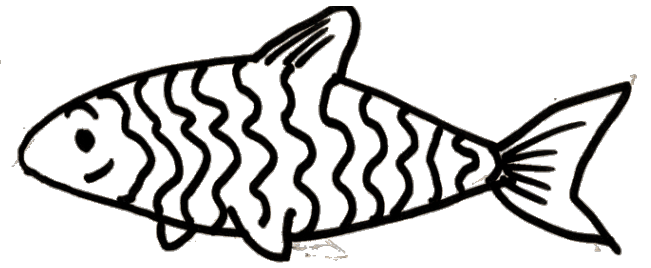

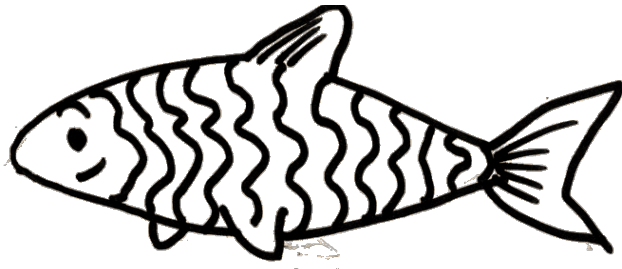

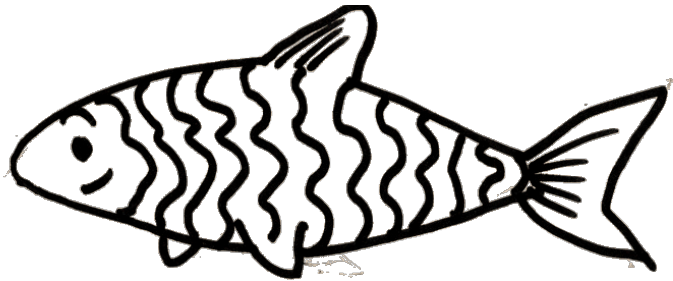

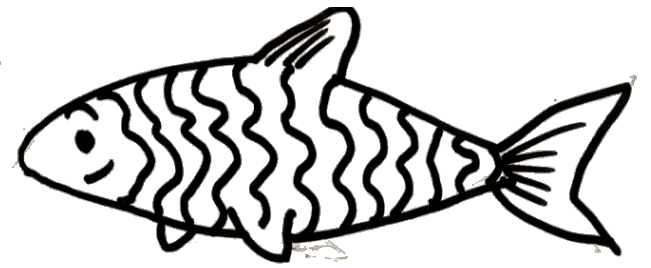

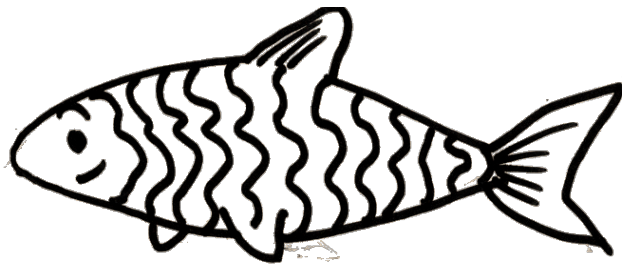

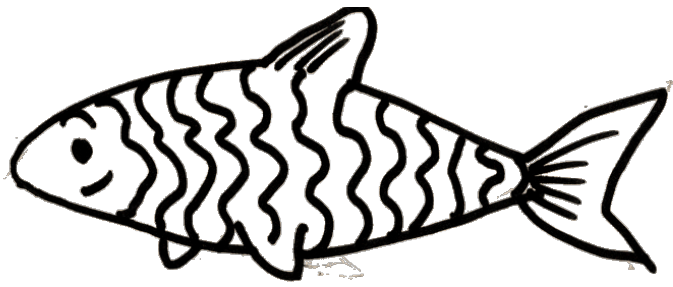

Des blagues !

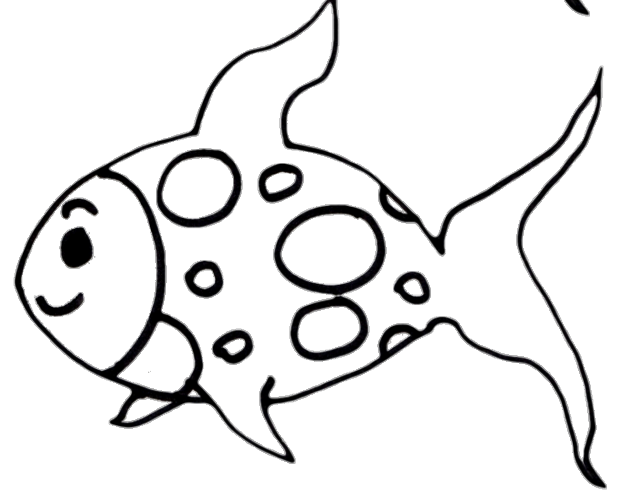

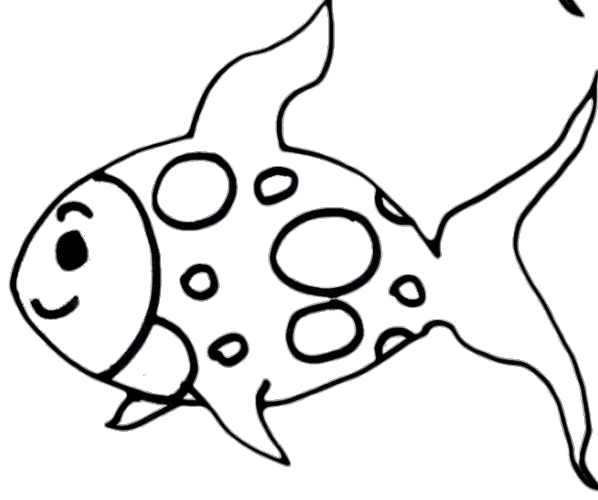

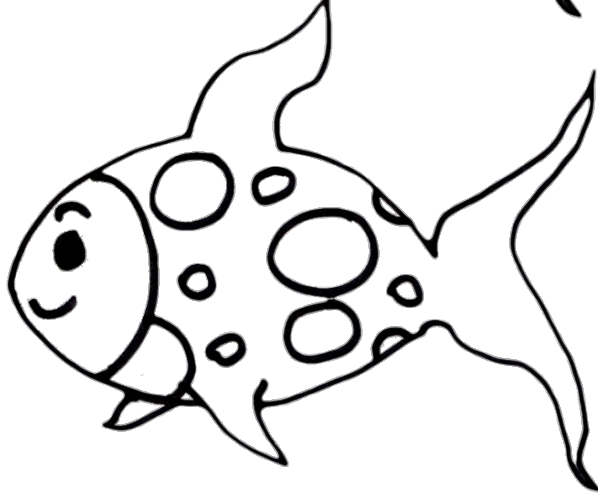

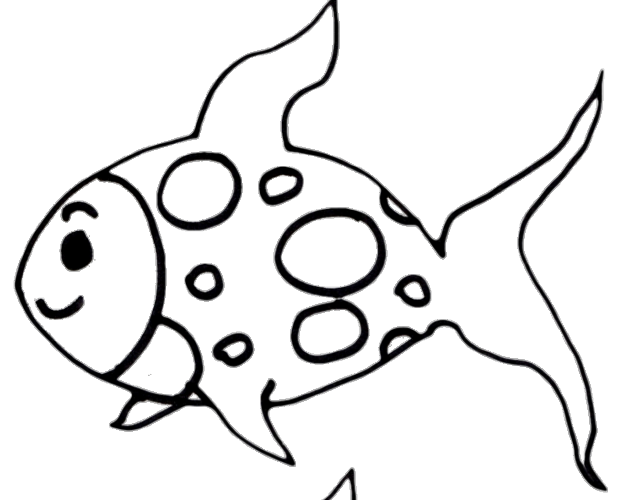

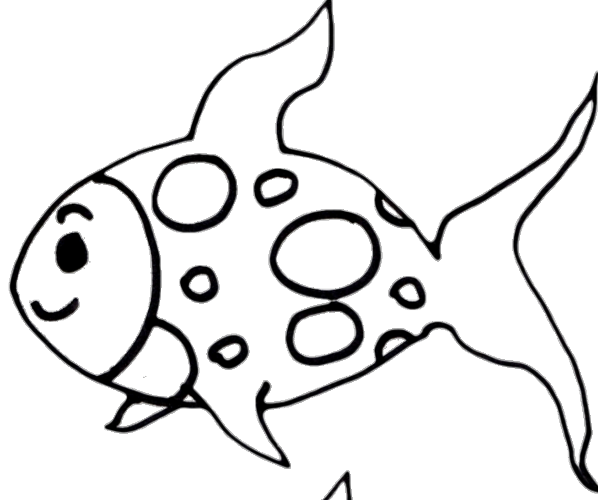

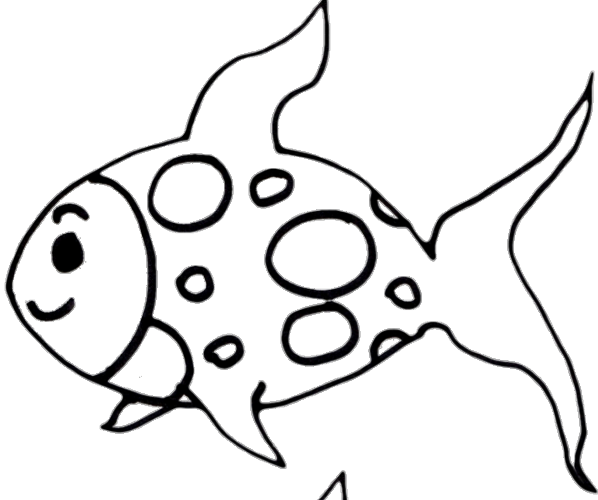

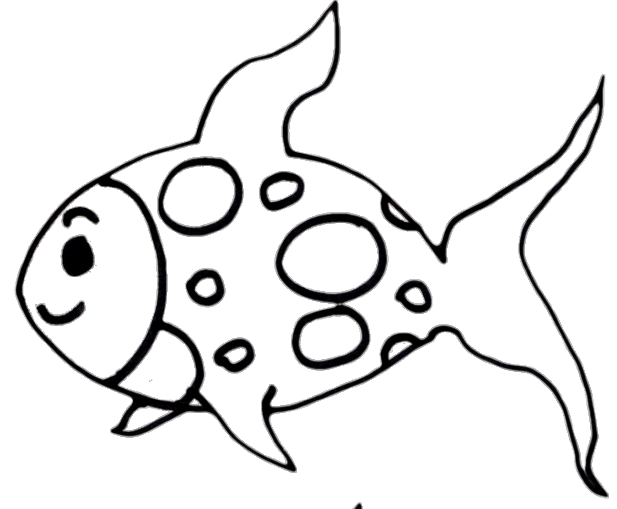

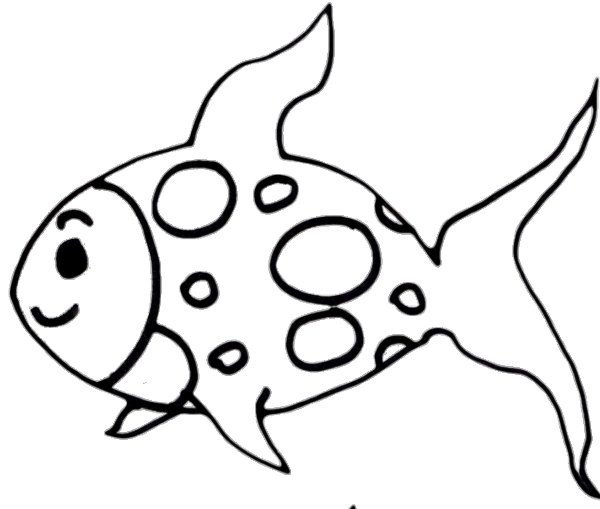

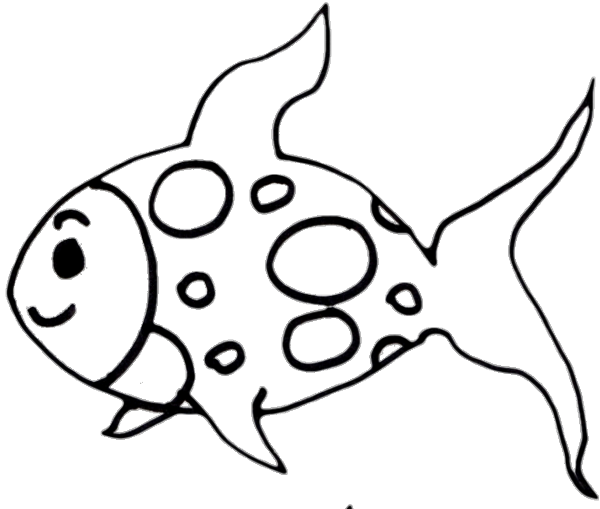

Nouveaux programmes :

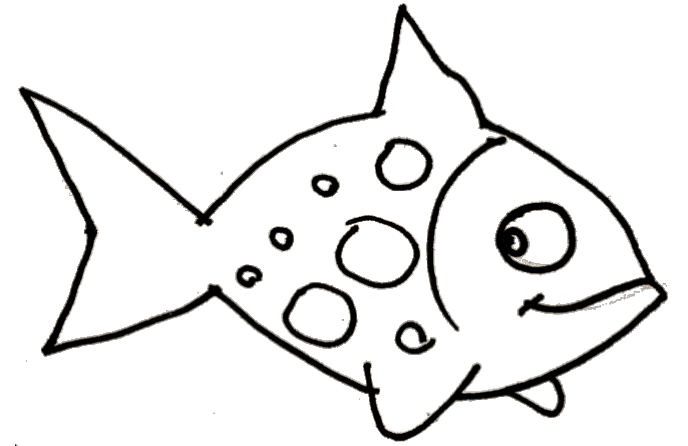

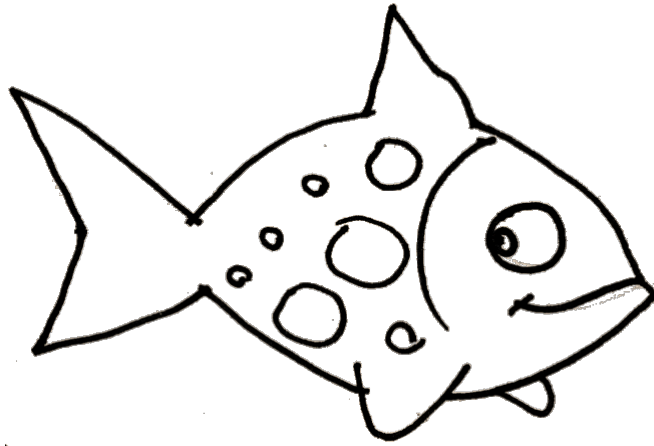

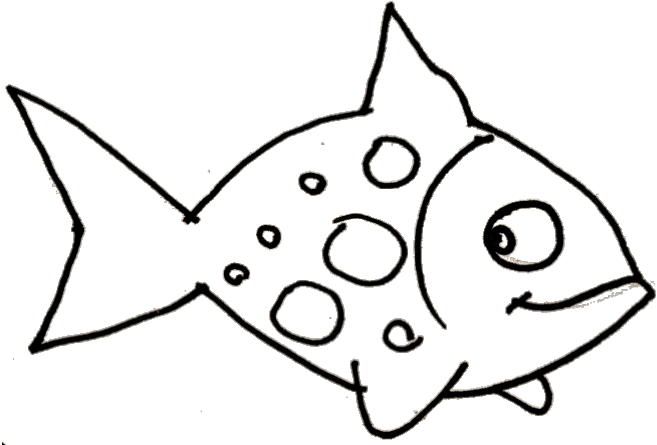

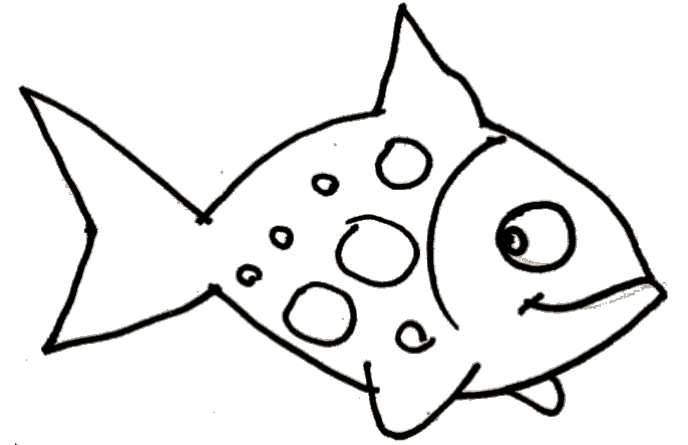

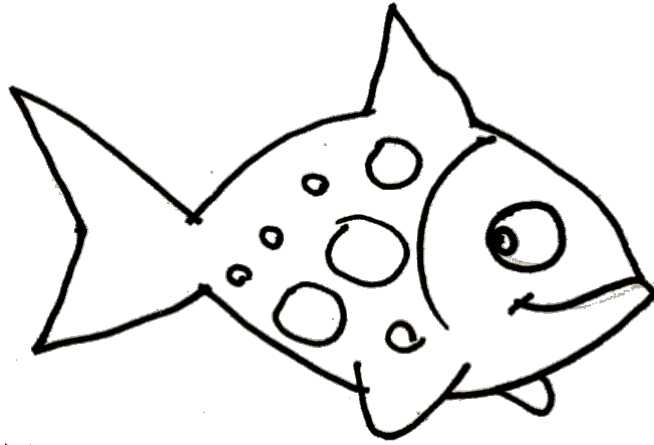

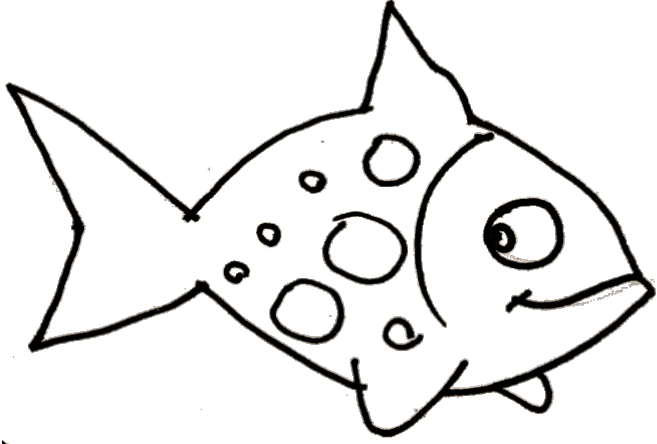

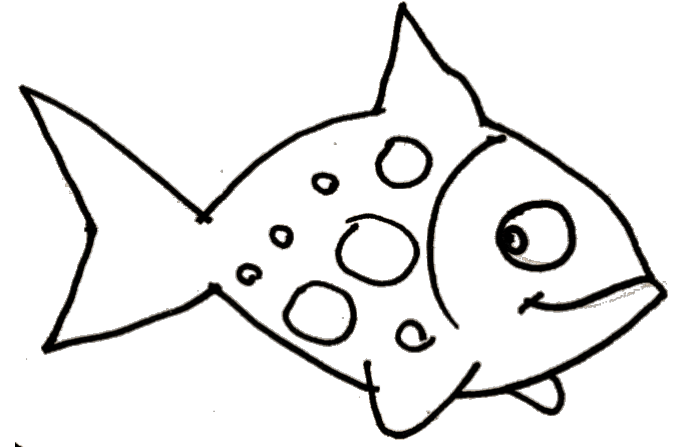

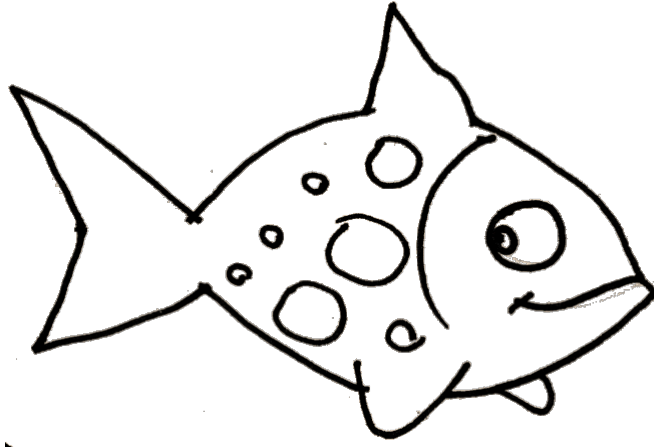

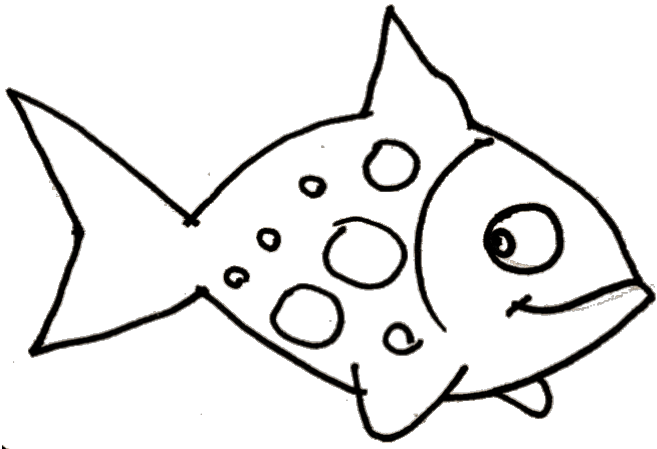

« Désormais, chaque enfant devra devenir ambidextre et donc savoir écrire parfaitement des deux mains... »

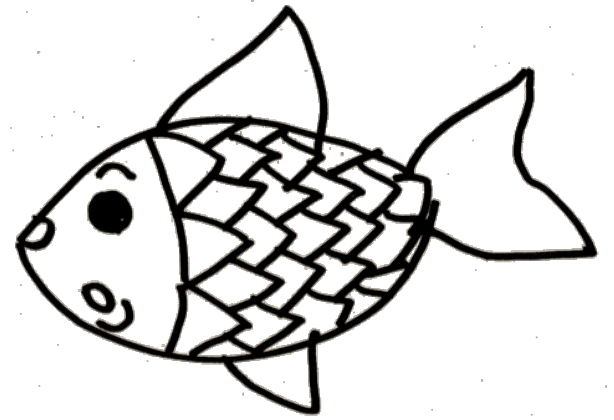

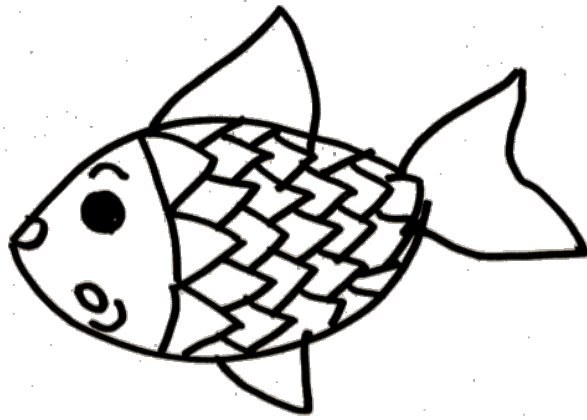

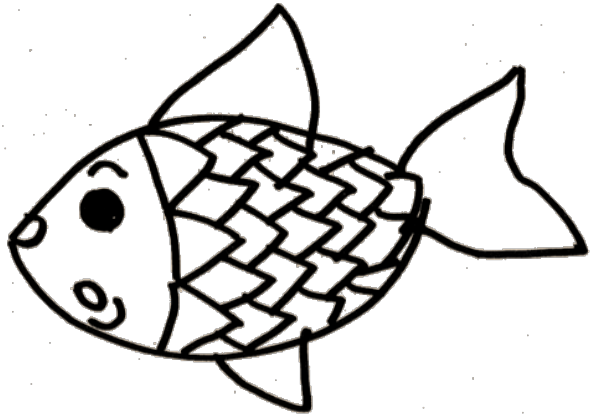

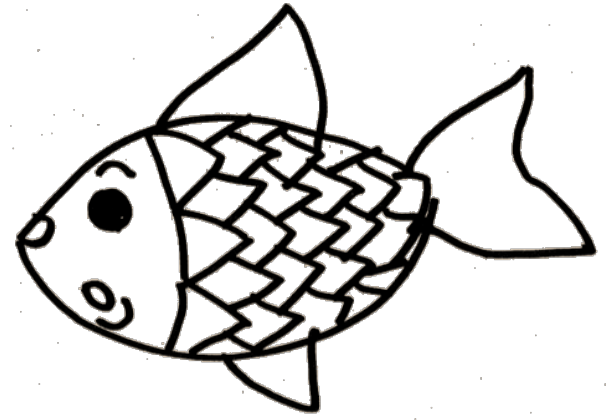

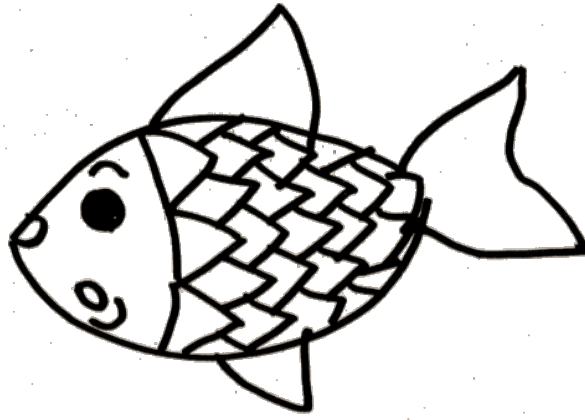

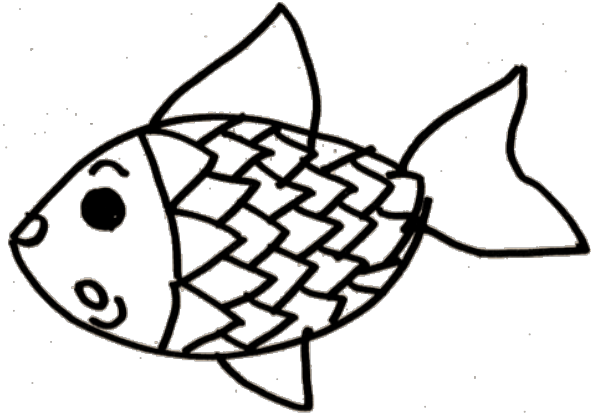

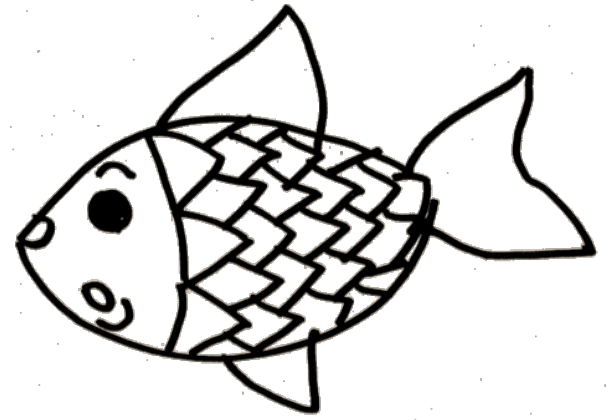

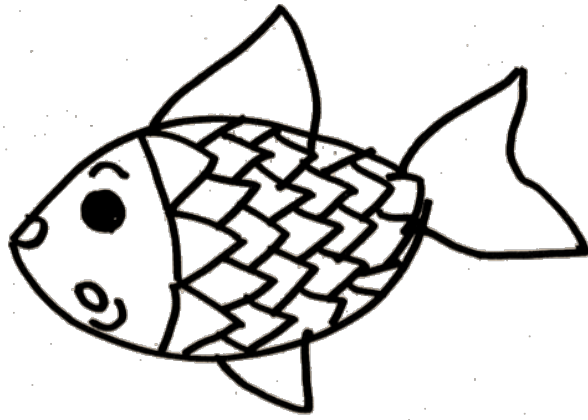

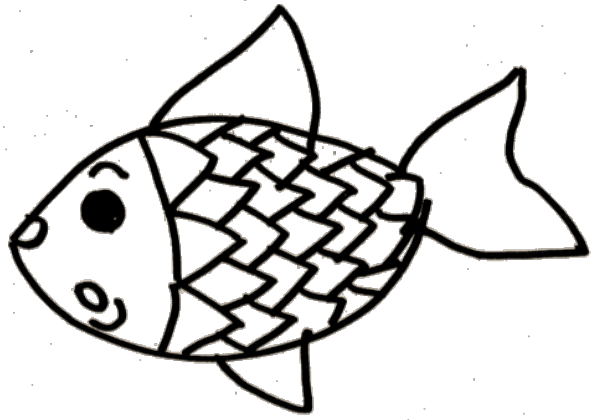

« Afin d'éviter des pertes abusives de crayons à papier, chacun devra porter son crayon derrière son oreille et ce, toute la journée... »

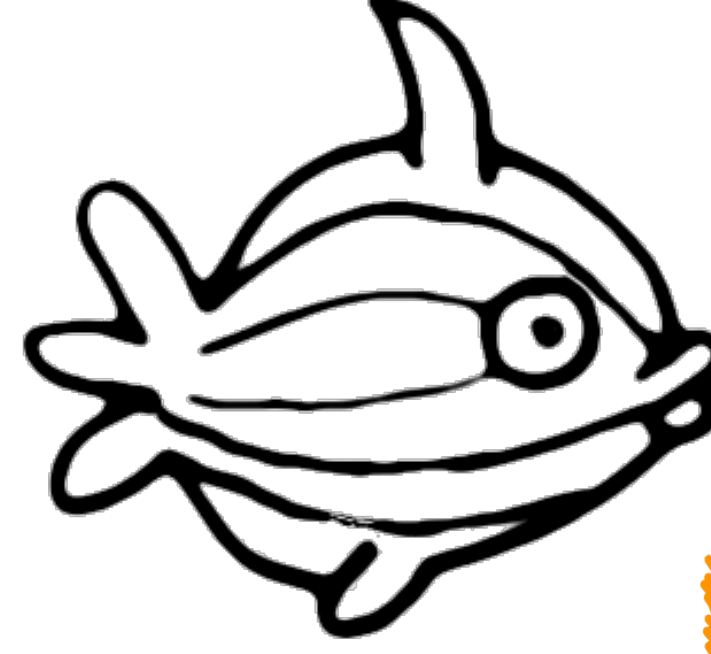

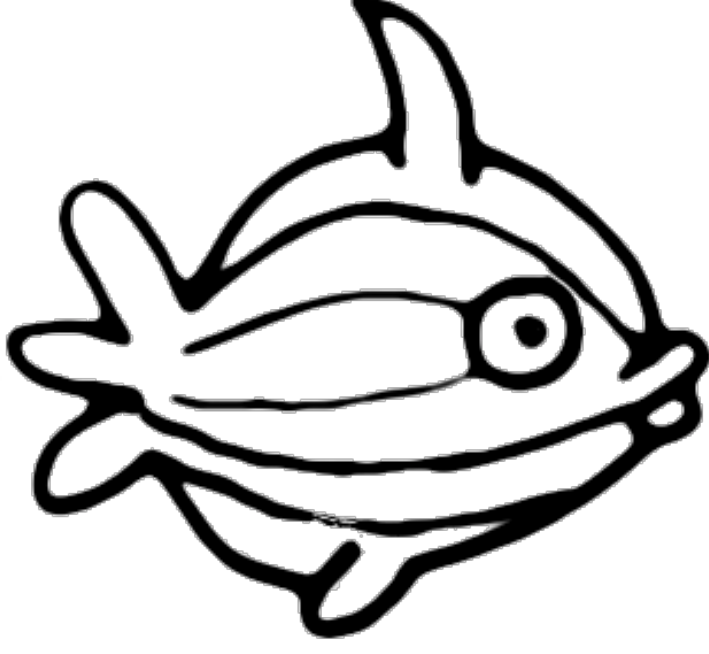

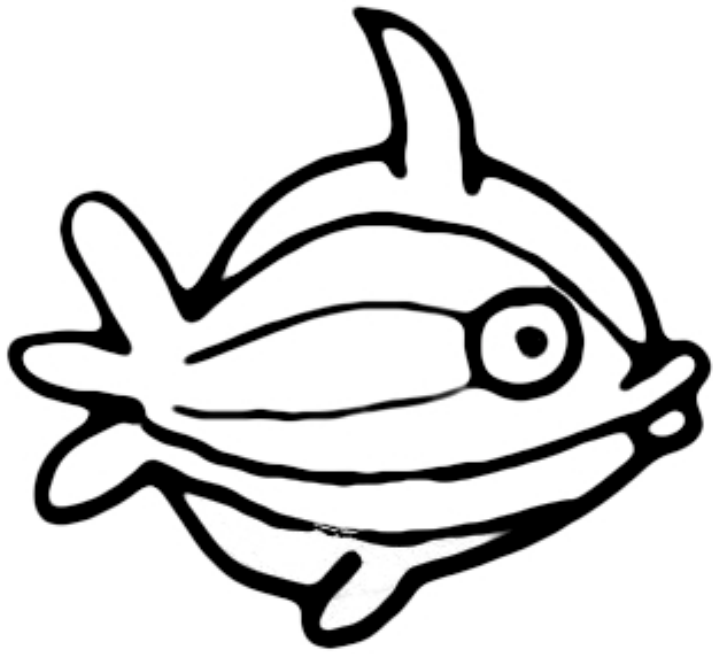

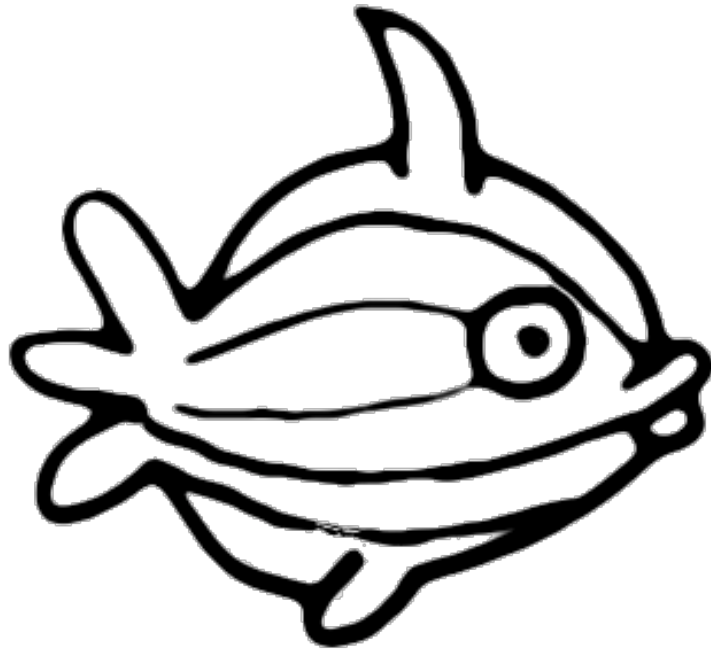

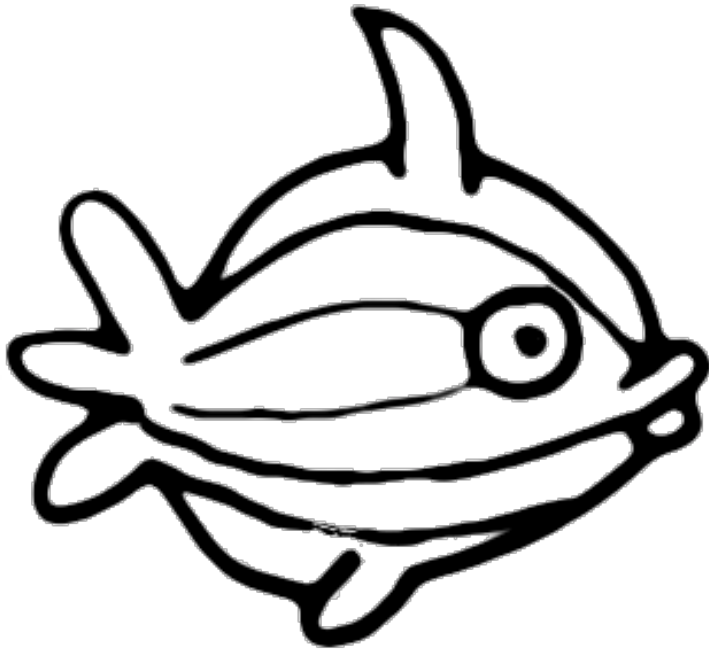

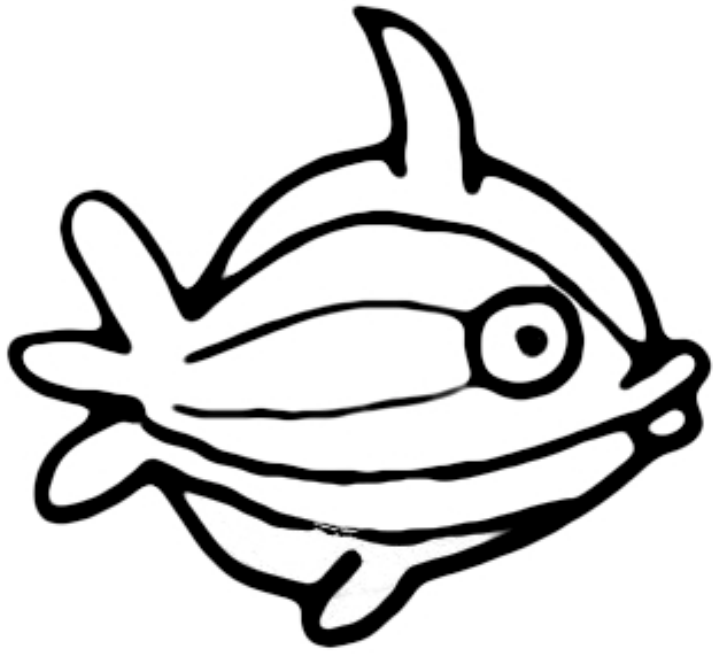

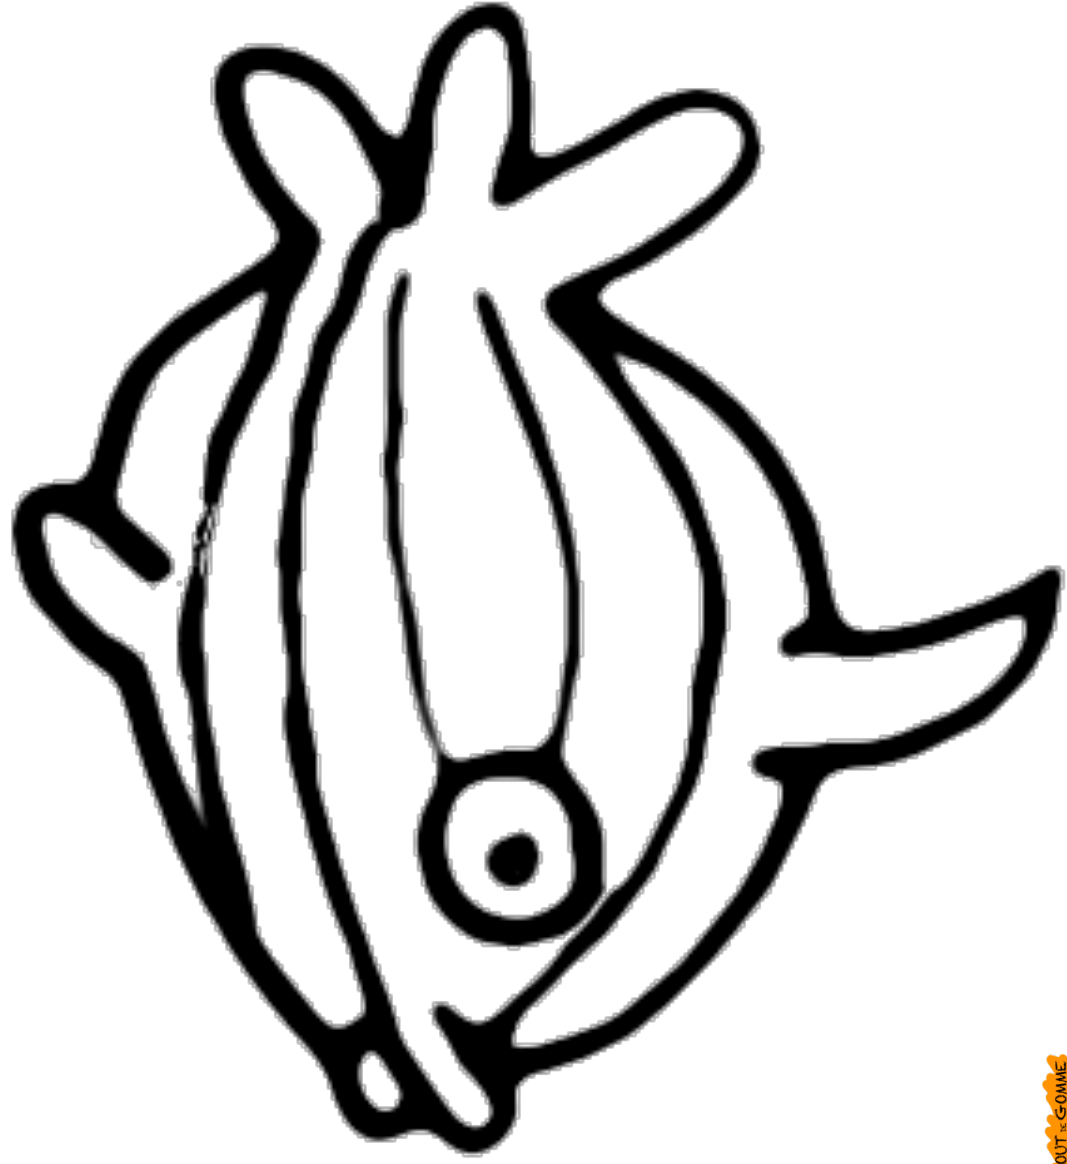

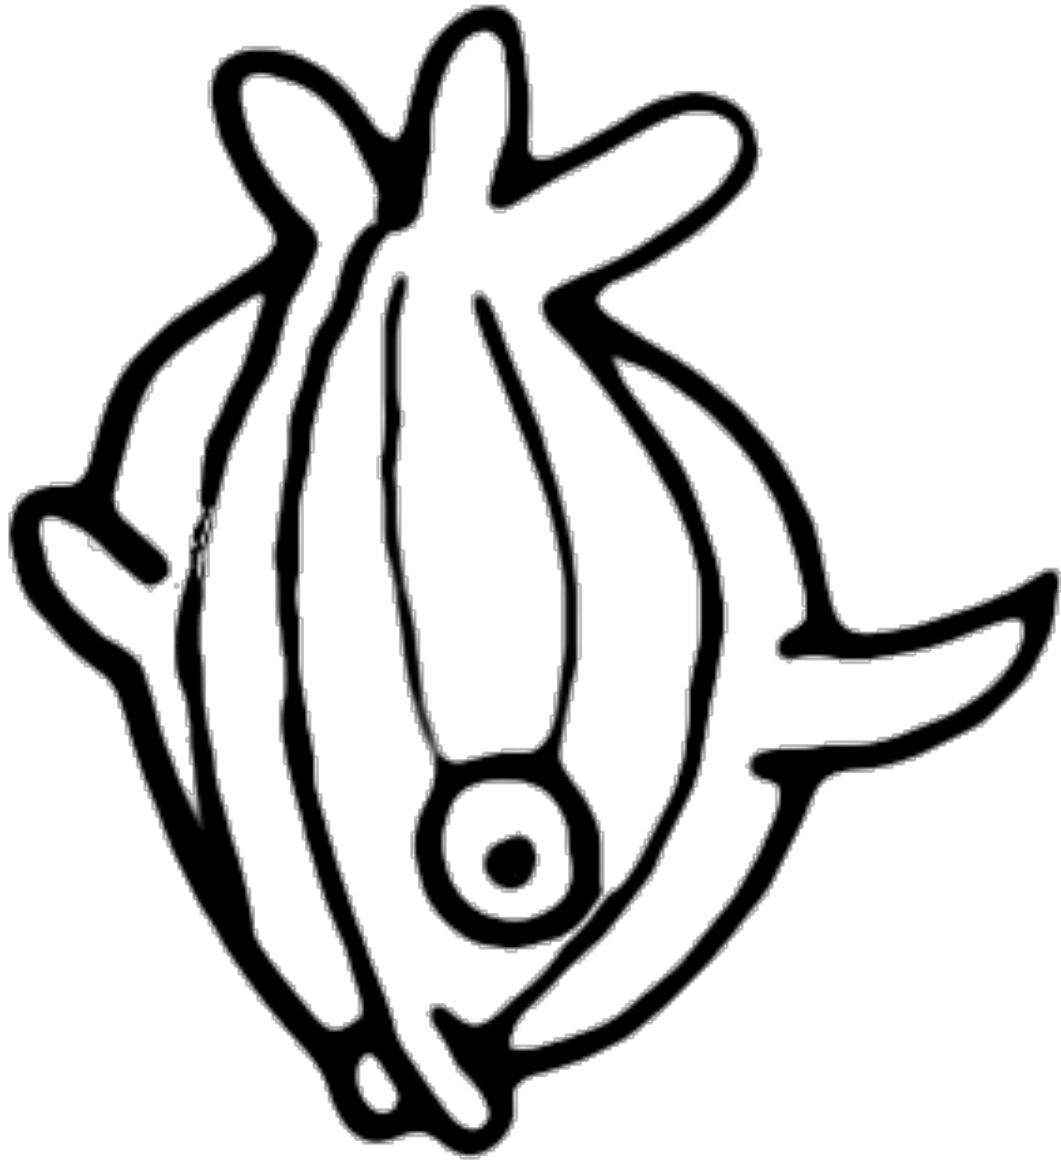

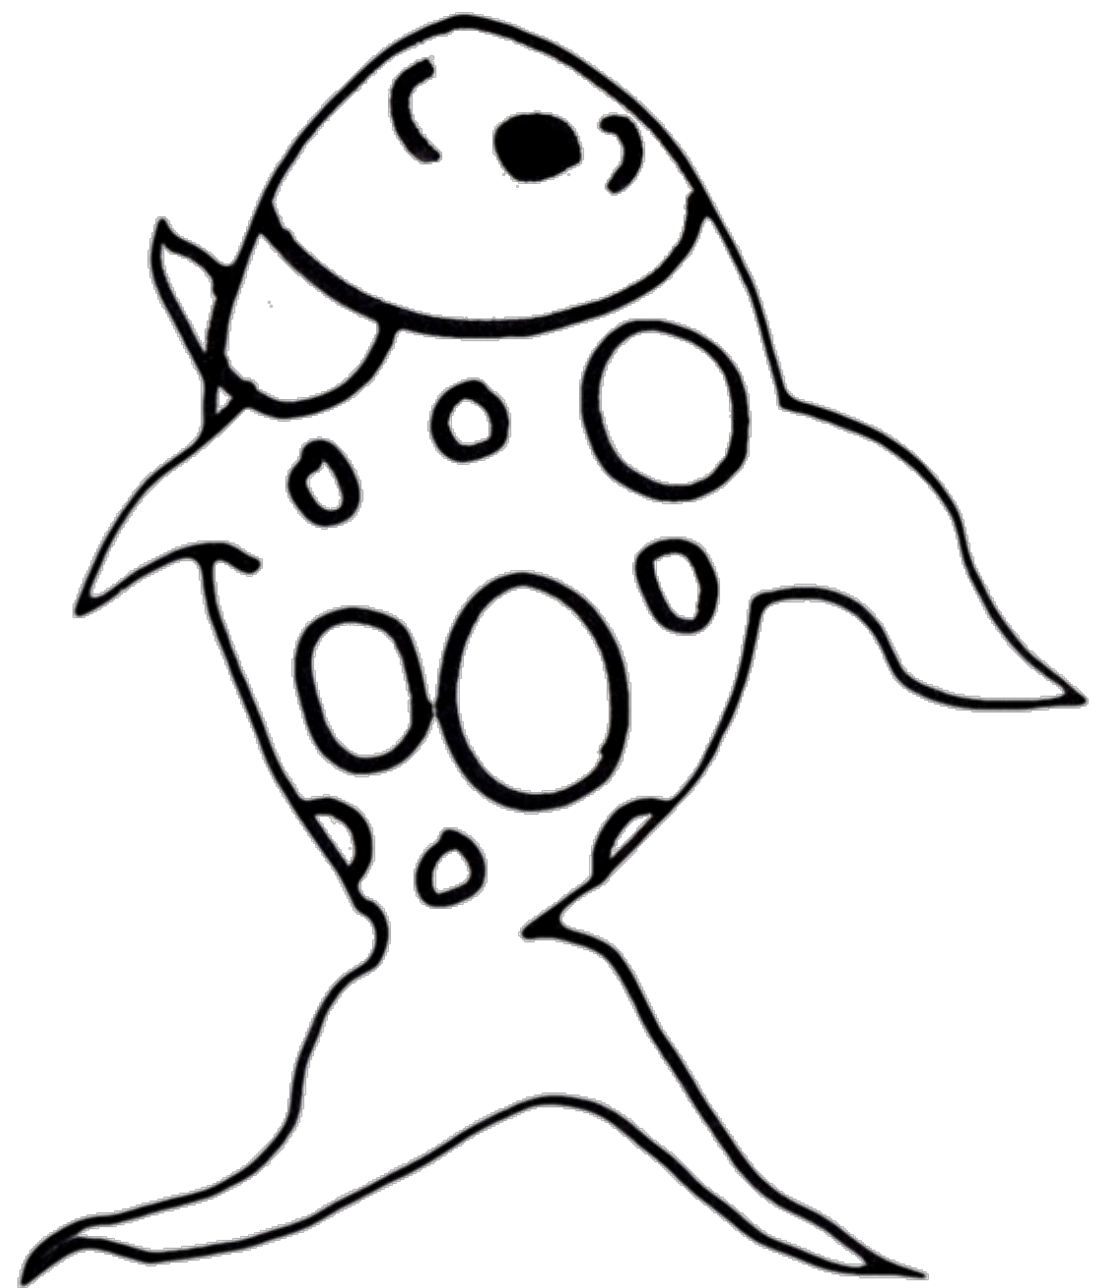

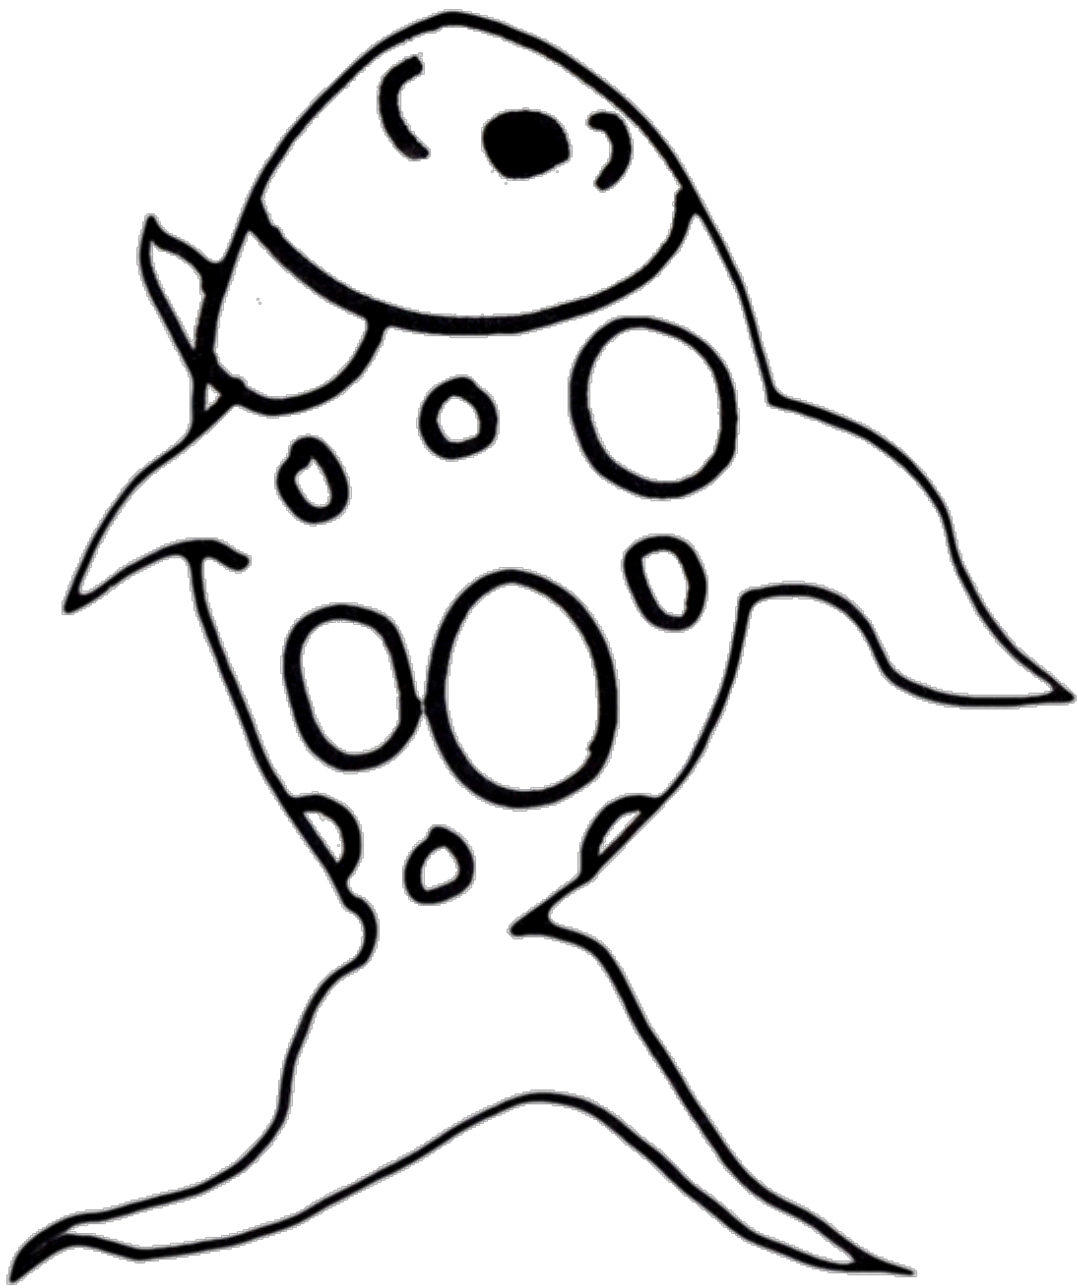

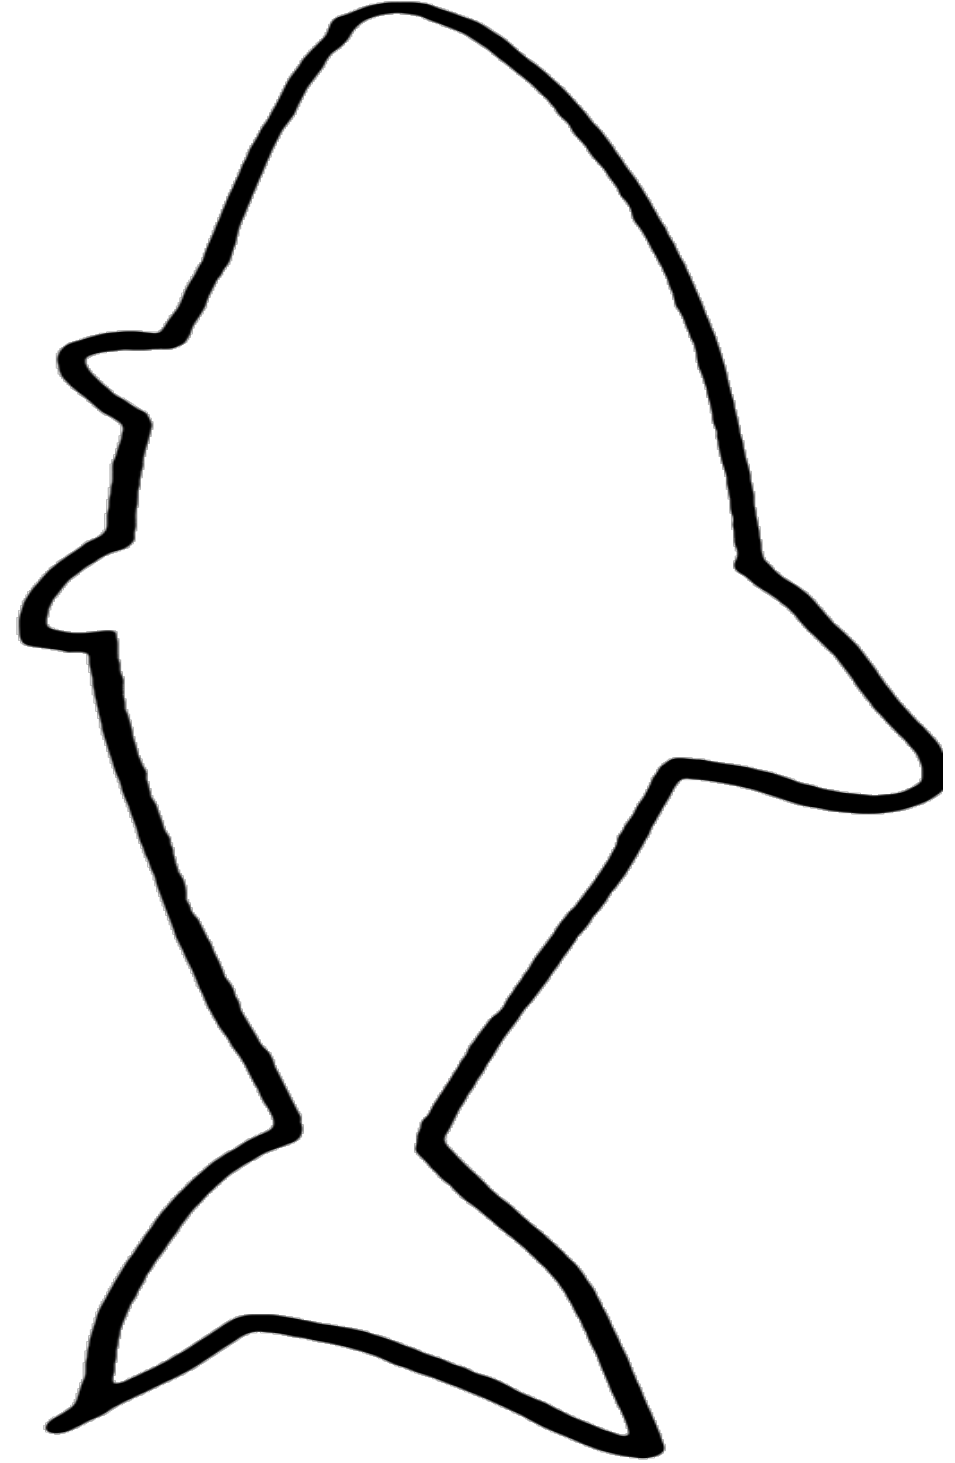

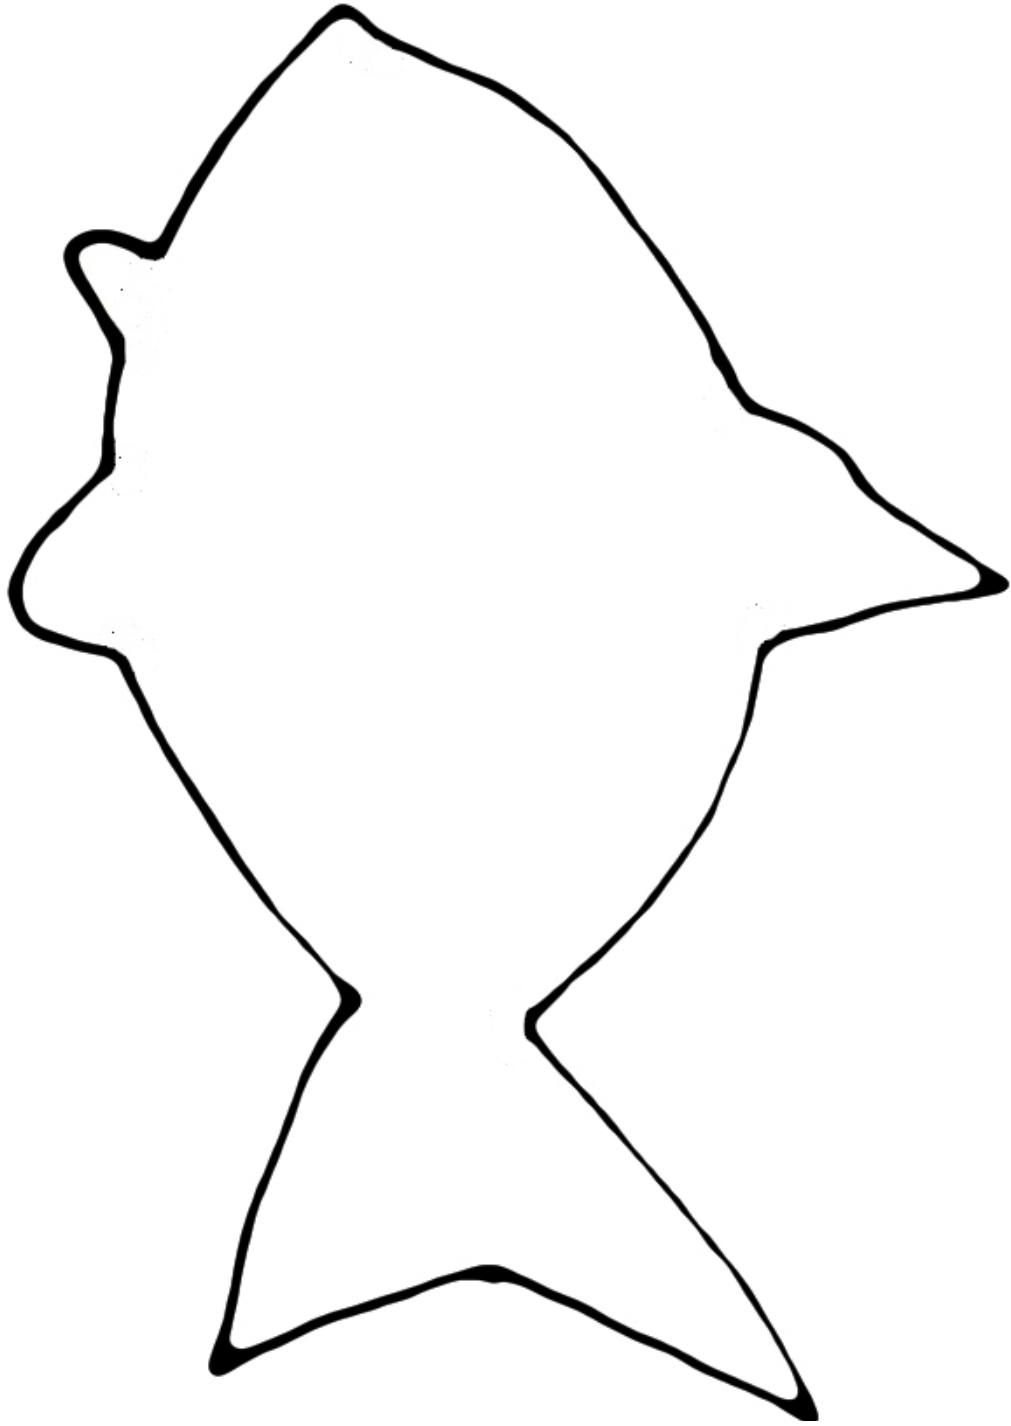

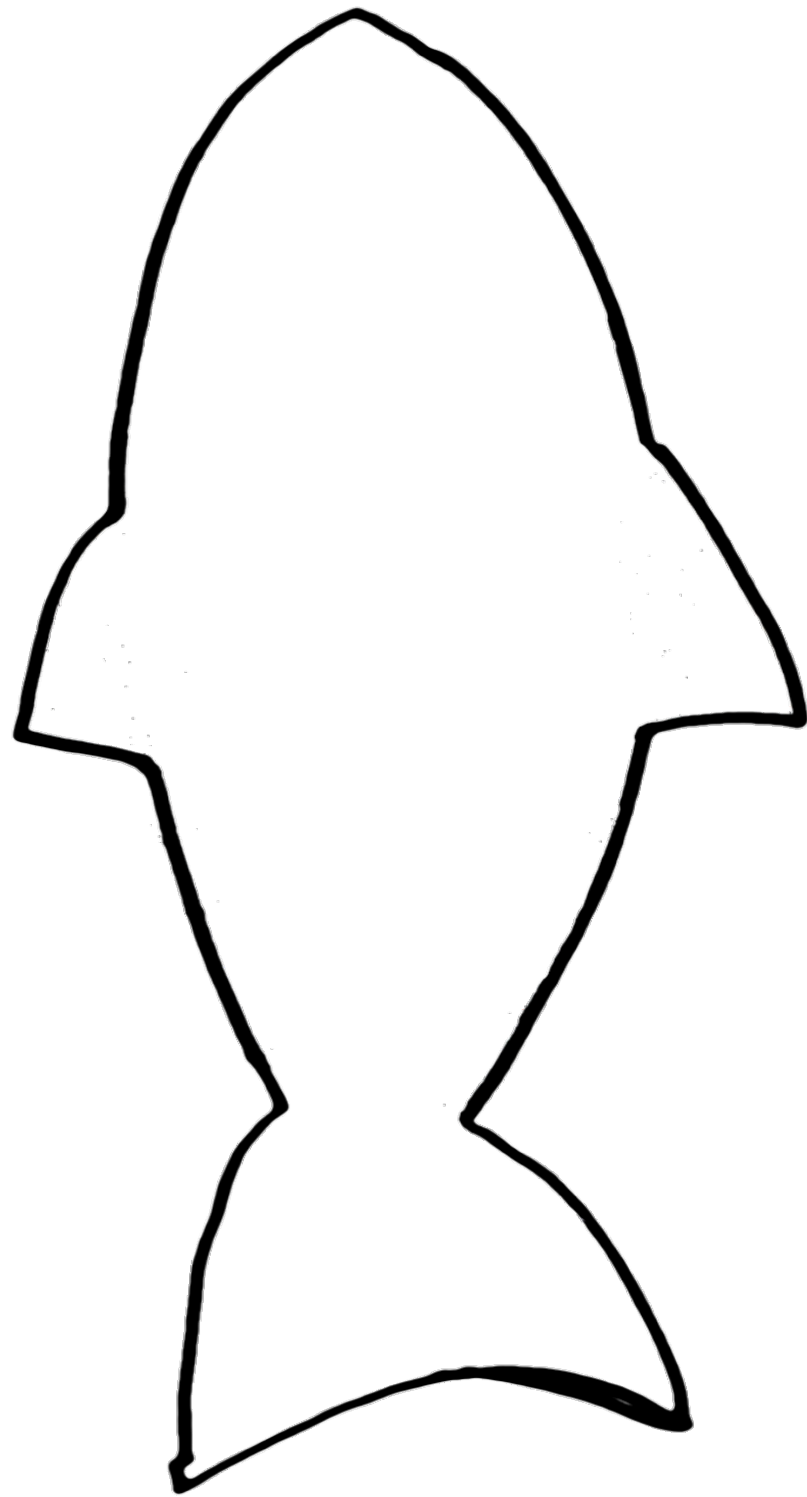

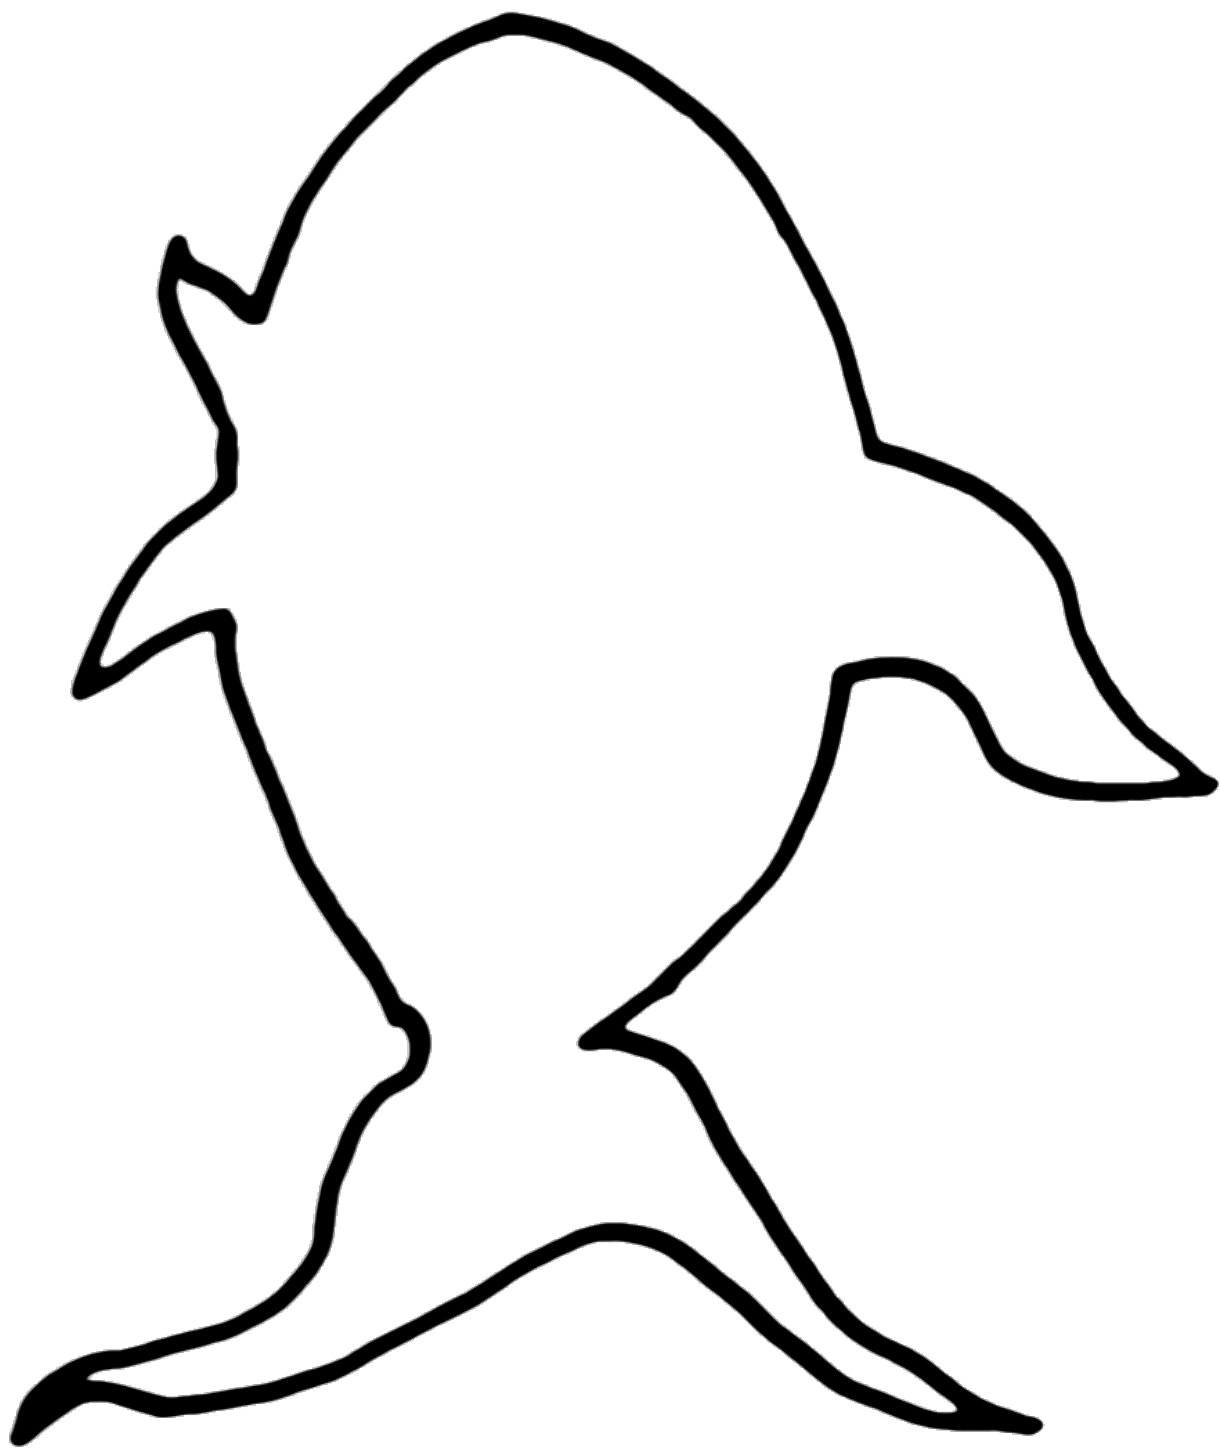

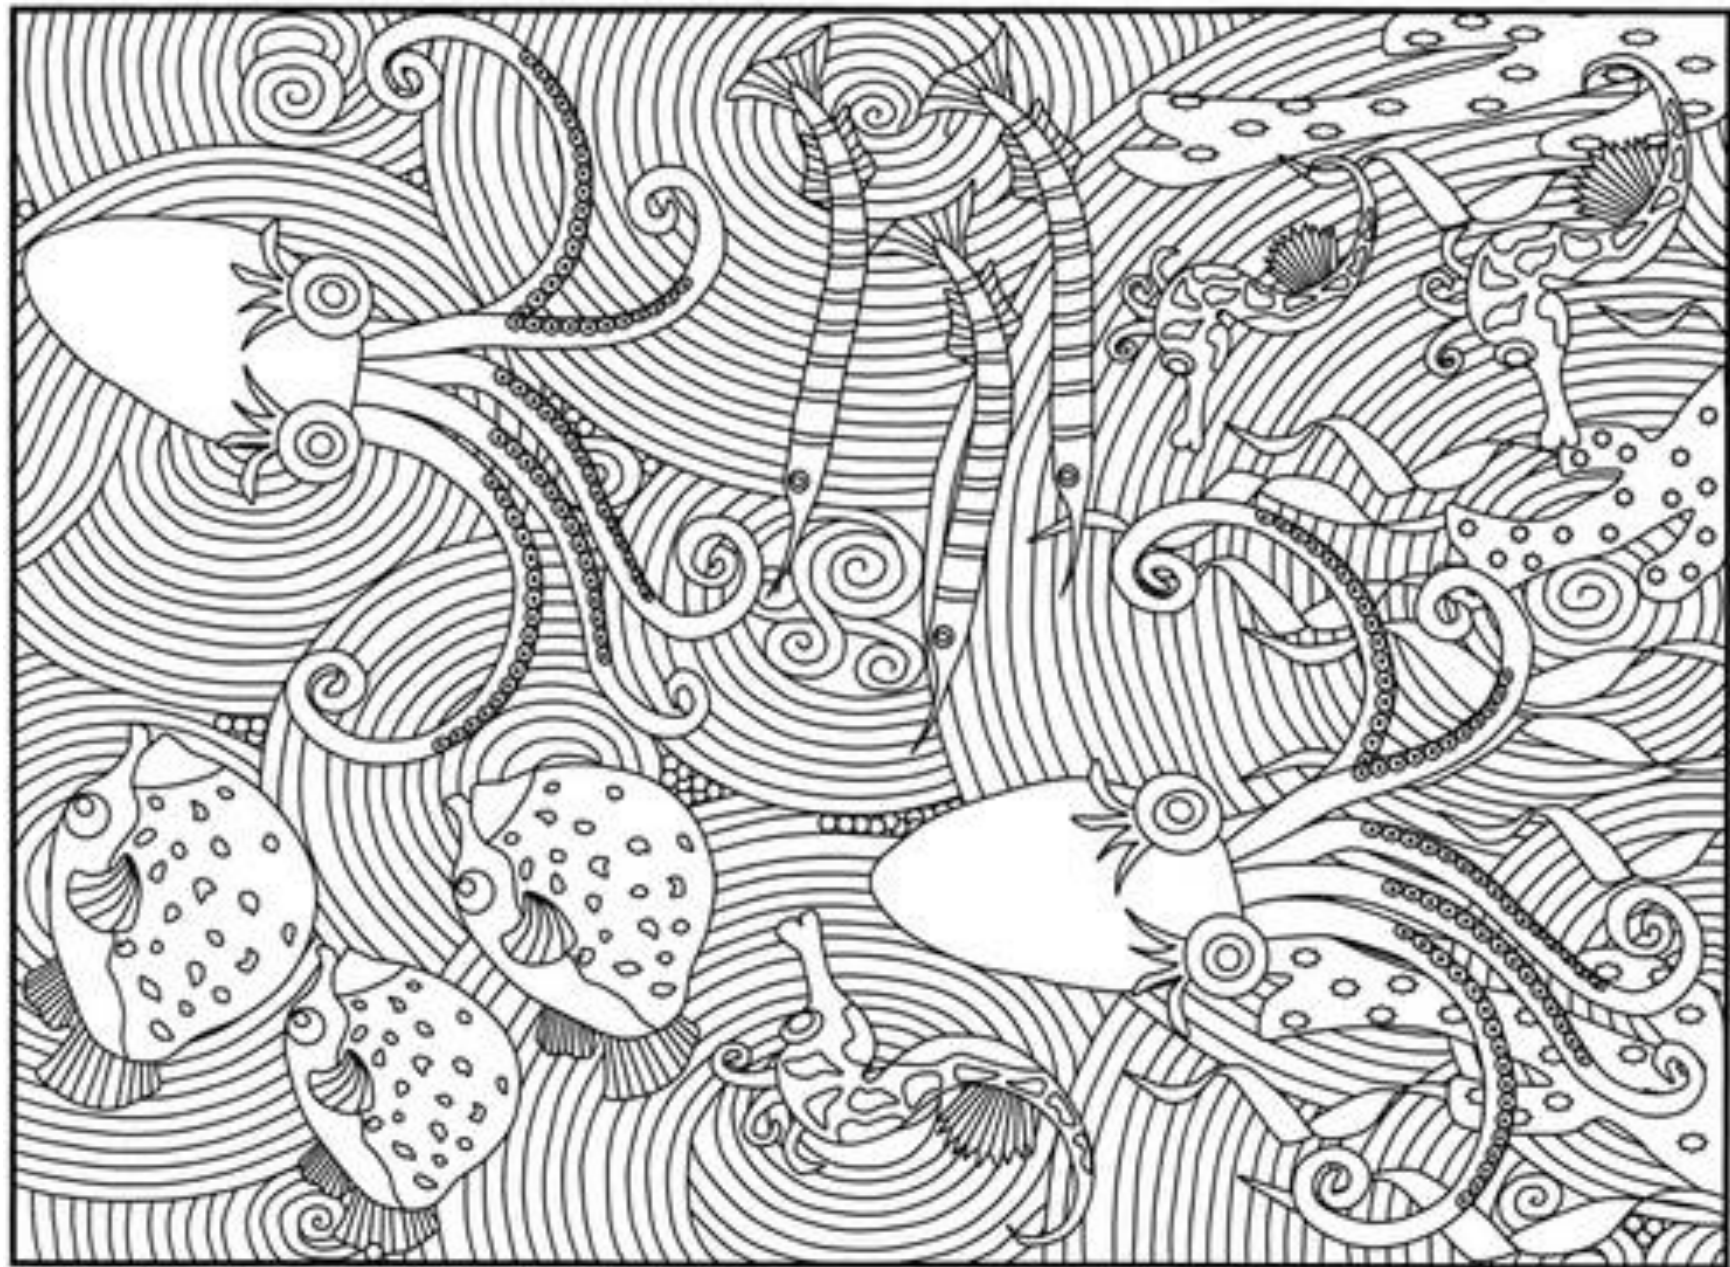

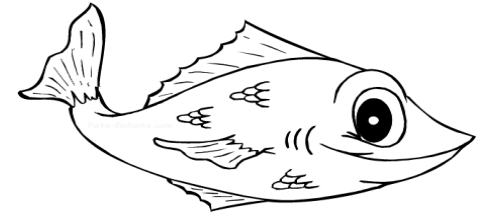

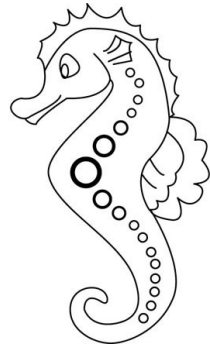

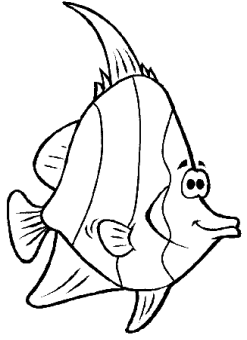

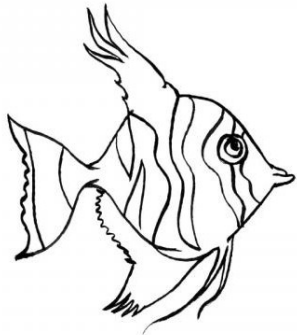

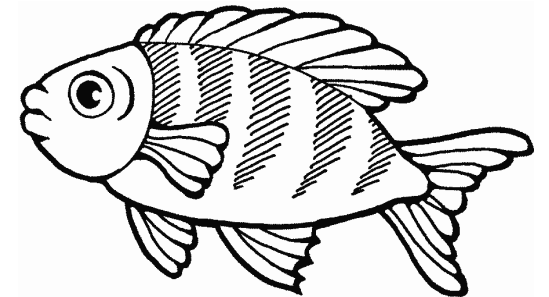

Des jeux

pour un premier avril

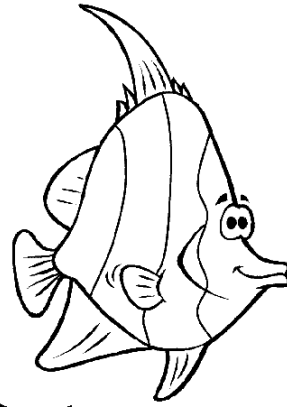

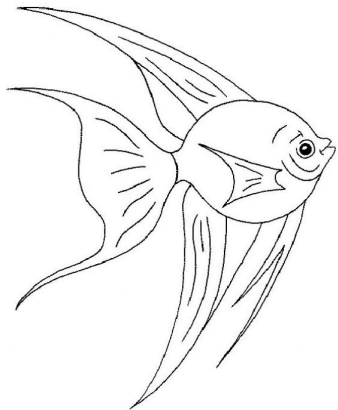

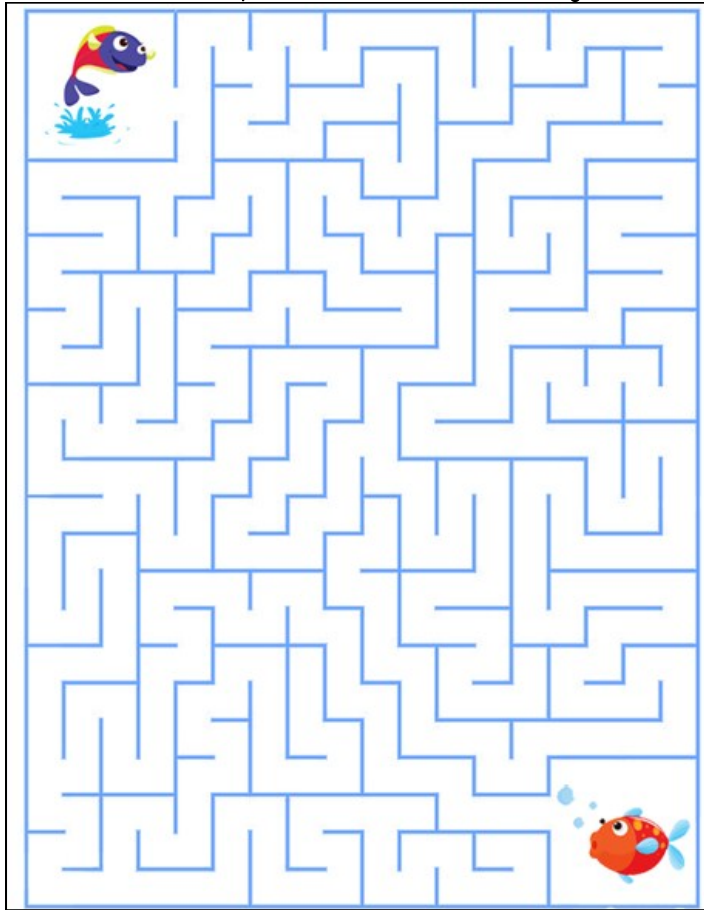

plein de poissons...

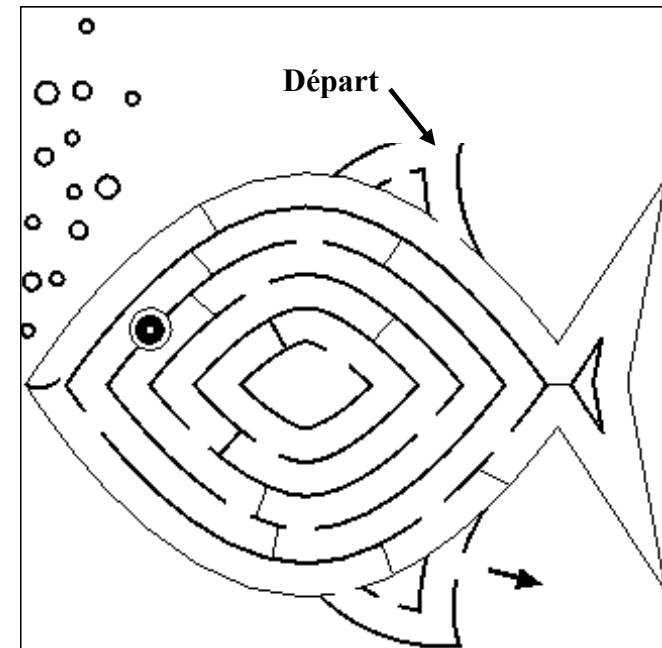

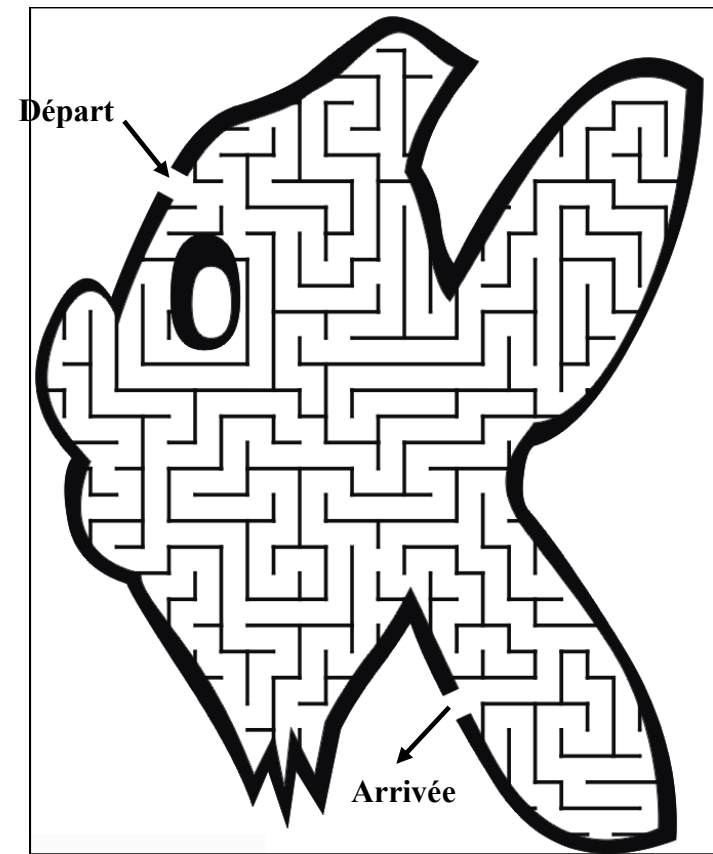

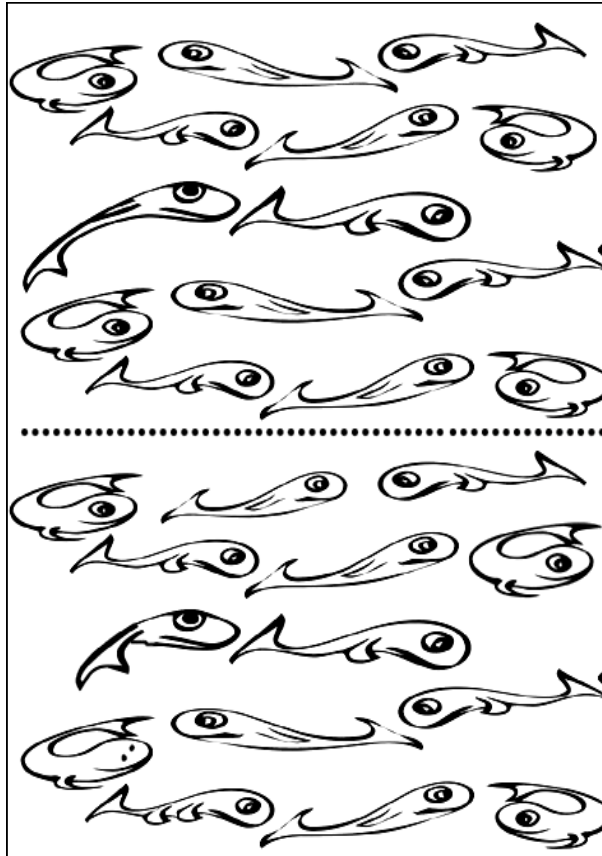

d'avril !

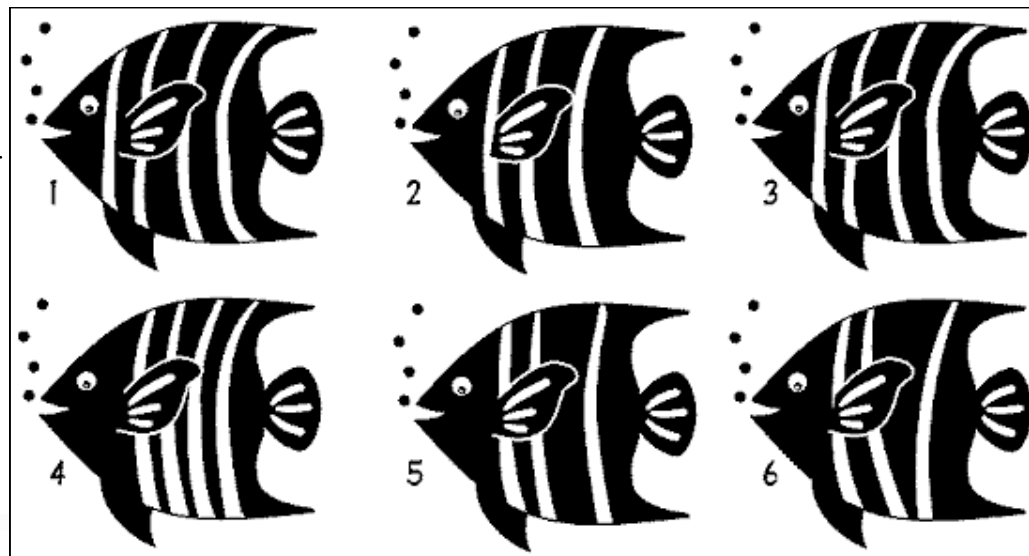

Retrouve le chemin qui permettra
aux deux poissons de se rejoindre.

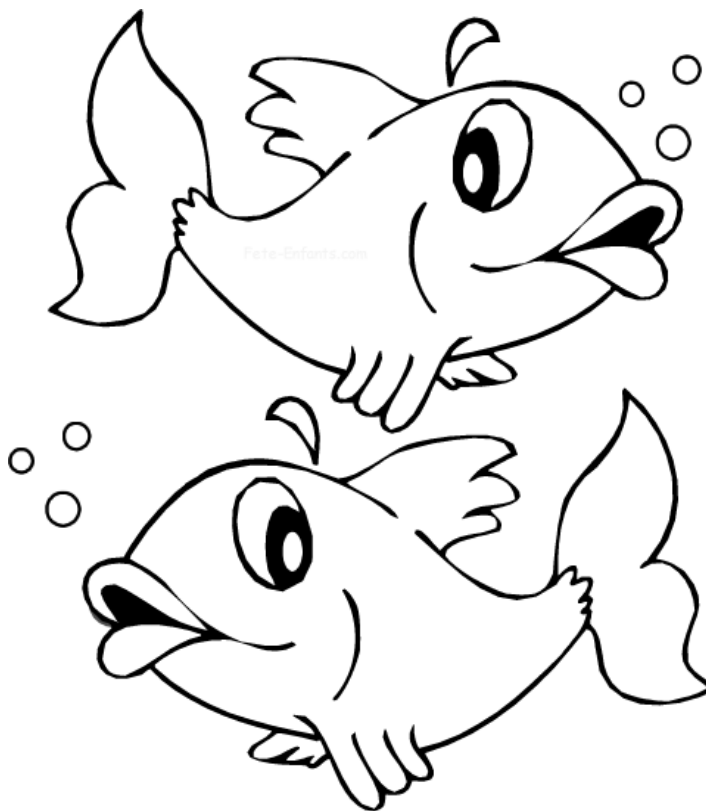

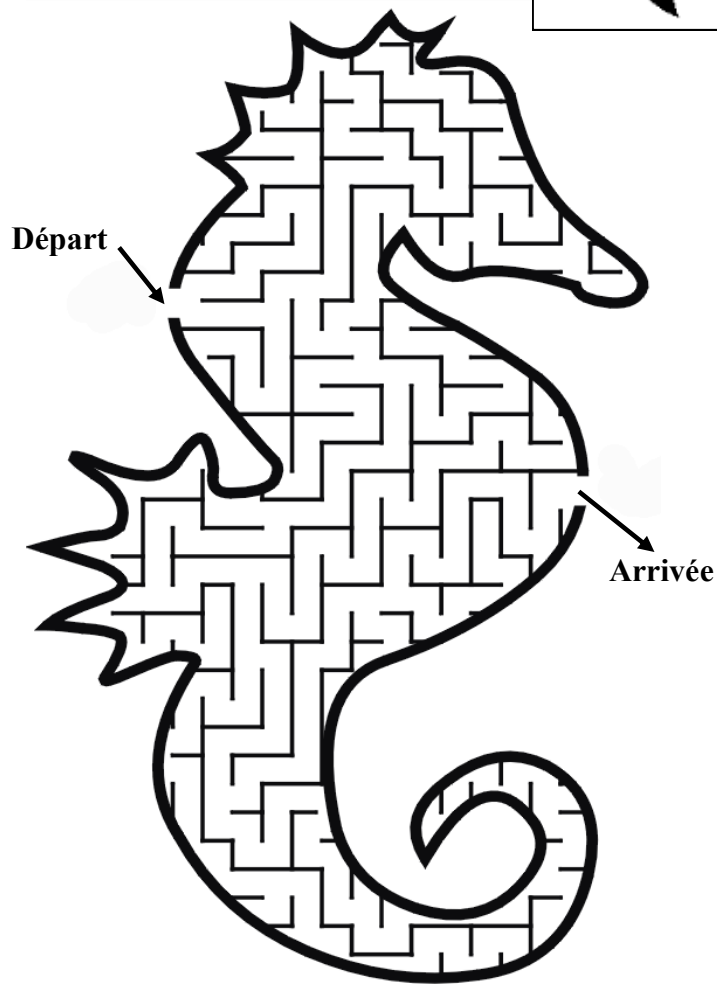

Trouve les 5 différences.

Entoure les numéros des
deux poissons identiques.

Trouve les 7 différences.

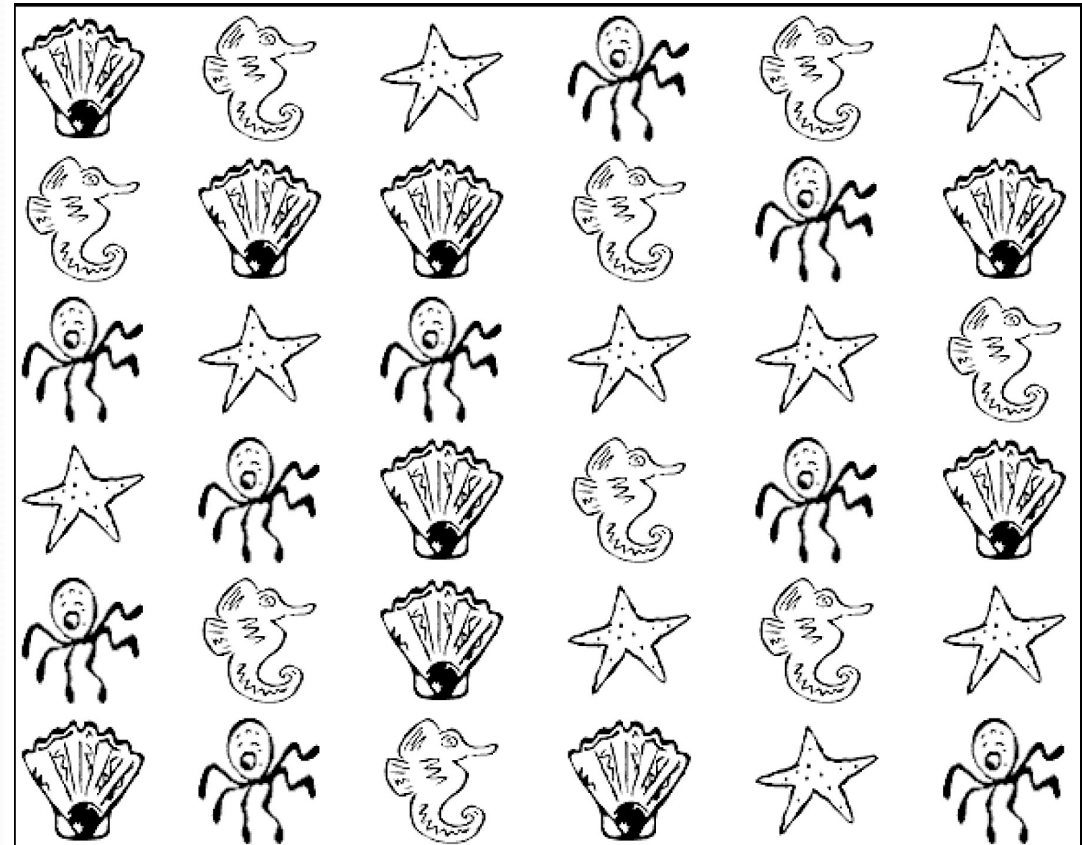

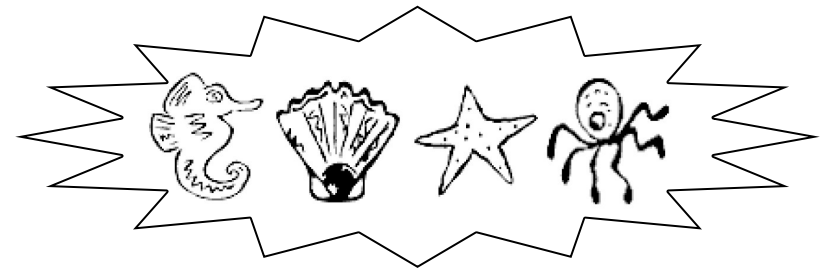

Retrouve dans la grille les mots de la liste.

poésie du poisson d'AVRIL

1) Dessine ce que le poète a vu. Puis colorie tes dessins.

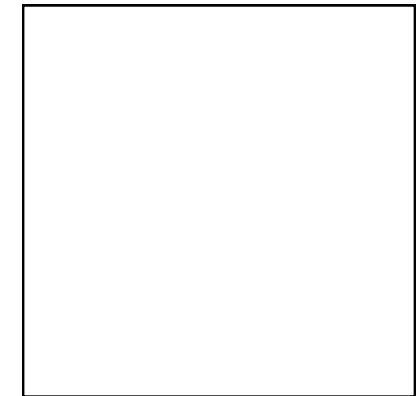

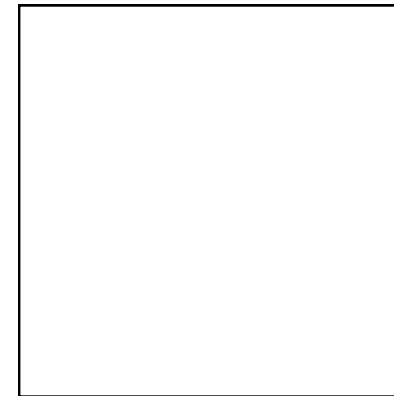

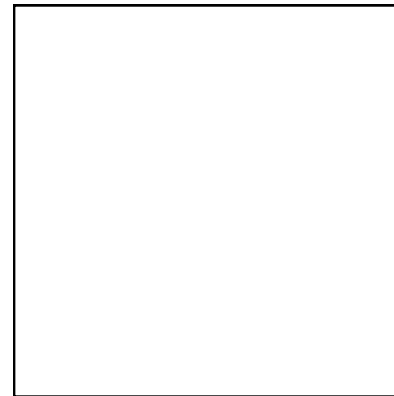

J'ai vu 3 chats bleus, à la queue leu-leu
Marchant sur un fil *Poisson d'avril !*

J'ai vu un chameau faire du vélo
Tout autour d'une île *Poisson d'avril !*

J'ai vu un gros ver en hélicoptère
Traversant la ville *Poisson d'avril !*

J'ai vu une vache avec des moustaches
Et de très longs cils *Poisson d'avril !*

J'ai vu 10 corbeaux assis sur le dos
D'un vieux crocodile *Poisson d'avril !*

2) À ton tour : invente deux strophes à la manière de la
poésie du poisson d'avril.

J'ai vu
..... *Poisson d'avril !*

J'ai vu
..... *Poisson d'avril !*
